The President's Corner: Dale AK4YS

I want to thank everyone who came to the meeting; we had a great turnout. We are moving forward and almost halfway through the year. We are doing great Ham Radio focused events all in preparation for this month's FIELD DAY.

We had a FUN outing at the Singletary State Park with thanks to David WO4ROG for reserving the cabin and having us meet there for more ham radio, POTA, and good food. Our young hams had great time learning more about Parks on the Air (POTA) as an Activator. We had a SSB station, a FT8 station and a CW station, to demonstrate the different modes available to each ham.

The Fox Hunt was a learning success and I hope it peaked interest to do more Hunts in the future.

We are working and planning for Field Day, the 24th and 25th of June. Looking to seeing you all there.

POTA:

Greg NC4GK has activated 8 parks with 19 activations, Hunted 439 parks and 747 POTA QSO's. What did you do on POTA?

Look to see as many of you as possible at Field Day at the old Hope Mills Golf course. There will be plenty of help needed for setup and we will have food.

CW:

Greg NC4GK and I made a start and will continue to meet at least once a week. Tuesday @ 8pm on 28.150. We are getting Walter KG4JOK, Bob WA4WHV, Greg NC4GK and myself with some short qso's to encourage learning and getting better with CW. Slow CW ops are welcome for a no pressure, fun time as slow as you need.

Again, looking forward to seeing and working with you all this year. Please feel free to contact me with questions, comments, and ideas to improve your club.

Thank you.

VICE'S NOTES

ARRL Field Day

The roster is already printed and with it the chance for you to come in, represent, and fill in the gap. So ensure to get in the "players list early." Many positions available to assist your club. From tent assembly, putting equipment together, to antenna placement, generator operations, chef operations and so much more. The goal is to learn, and have fun. We ALL are safeties as we go together into the biggest event of our amateur radio journey for 2023. Come in, assist, facilitate, Volunteer and be part of something bigger than you.

Ham Radio Blues

Summer is here and with it hurricane season. We also have a few amateur radio activities in the horizon. NC Parks on the Air event, and 13th Colonies to name a few. In order to know where are we going we must recognize where we came from, and those that were with us. Those Ham operator we won't forget. Our Silent Keys.

The operator factor

As we flip the calendar to June and look ahead to everything the summer has to offer in the beautiful state of North Carolina- volunteering opportunities, ham radio activities, and training events. -Let's pause and look back on a what you have done in the past few months. A very busy winter. The NC QSO Party, where we took the lead thanks to the massive team participation. The CFARS CW station shined, as they made unprecedented record contacts. The CFARS welcome to the spring workshop for POTA Activators happened the first day of spring. It was 40 degrees, but the human

Recruit

Retain

Re-engage

factor kept us warm as we activated Carvers Creek and put K4MN On The Air with a very successful attendance. A lot of people showed up with a learning desire. Outreach was conducted. We had a gentleman that showed up with his family. That gentleman is currently part of our active force of licensed operators.

We conducted a POTA Hunter's Workshop at the Special Forces Compound. Lots of questions & answers, and lots of food. We had a great time.

We continue to build some fantastic memories with the May by the Lakes outing trifecta. Another big weekend event. 3 days at the Singletary big cabin, where we operated 3 different stations, in 3 different modes right on a POTA 3fer. Lots of food, camaraderie and fun, as we continue to grow.

The Contesters University and Dayton Hamvention just took place recently and I will continue to post some of their highlights at the CFARS FB page.

As we keep moving forward with the "ham radio olympic torch" we need to keep in mind that all of us are ambassadors of CFARS & the amateur radio service, and as such we need to remember the importance of the R3 mission to Recruit, Retain, and Re-engage operators to become/stay active. So many modes, so many ramifications united into one organization.

And the CFARS train don't stop. There's more to be done and we could not do it without you. We look forward to continuing the journey together.

Once again, thanks for everything you gents and gals do for amateur radio. To get involved feel free to contact me at anytime. CFARS On!

May 2023 Club Meeting Minutes

The monthly meeting of the Cape Fear Amateur Radio Society was held at 7:30 pm, Monday, May 15, 2023, in the Fellowship Hall of the Peace Presbyterian Church, 3202 Ramsey Street, Fayetteville, NC.

President Dale Mohr AK4YS called the meeting to order and led the Pledge of Allegiance to the flag of our country. Pete K4QFK gave the invocation. Dale AK4YS led the introductions in the usual CFARS fashion. There were 30 members and

guests present. WO4SFA moved April's minutes be approved, Lani KQ4BVV seconded, and the motion carried.

COMMITTEE REPORTS:

Treasurer: Bill KJ4OFD gave the financial report.

Net Manager: Larry N4USB gave the net statistics. We need net control volunteers.

Health & Welfare: Nina KN4KUL will be taking the responsibilities of the health and welfare coordinator.

Repeaters: David K4FXC gave a repeater update, repeaters are healthy, looking to connect 2M repeater to network.

Field Day: June 23-25 Golfview Greenway walking trail at 3644 Golfview Rd. Hope Mills, NC 28348.

Membership: No report.

Contesting: No report.

VE Coordinator: Next VE session will be August 12, 2023, at the Cumberland County Shrine Club.

Swapfest: August 12, 2023.

Public Relations: No report.

Newsletter: The newsletter will only be sent to CURRENT members. Any submissions please send to Mike KN4XP. cfarsnews@gmail.com

Web Site: Any submissions please send to Dale AK4YS. cfarsncweb@gmail.com or mohrd57@gmail.com

ARRL Liaison: No report.

Possum Trot Net: Greg NC4GK is looking for volunteers to call the net mornings 0500-0700. George KM4ODS reminded of the 10-10 PT net on Thursday nights at 2000 ET on 28.345 MHz.

Skywarn: No report.

(Continued on Page 4)

(Continued from Page 3)

Old Business: Mike KC4ABE motioned to table the review of Constitution and By-laws to next month. David K4FXC seconded. The motion carried. Mike KC4ABE motioned to start a 50/50 raffle to raise money for the club. Rod KQ4FNO seconded. The motion carried.

New Business: None.

Program: Paul K4PGM gave a presentation on the setup and operation of N3FJP (Field Day version.)

Upcoming Events: Field Day 2023. Meet at Hope Mills walking track at 3:00 pm. Time to setup antennas and shelters. See you there!!!

Door Prizes: Lani won a mag mount antenna, Larry N4USB won a mag mount antenna, Norman K4MGZ won a soldering iron, Don WO4SFA won a USB charging brick and a combination lock, Jeremy KN4JUY won a soldering iron, Rod KQ4FNO won a map, and Norman K4MGZ won a General Class test book.

Announcements: Certificates given to KC4ABE, KK4MCY, KN4KUL AND KQ4FNO for their participation in the Rookie roundup host at the QTH of WO4ROG. They scored second place overall in the multi-op category. Hector KB4LOA is arranging for CFARS hats and shirts. They will become available at Jeb designs.

Adjournment: Meeting was adjourned at 8:53 PM. There were 30 members and 1 guest present. Mike KC4ABE motioned to adjourn.

Submitted: Jeremy Gilchrist KN4JUY

CFARS VE Testing

The CFARS VE team, led by Jim K4BUC, will once again be administering VE exams in 2023. Here is the scheduled exam sessions.

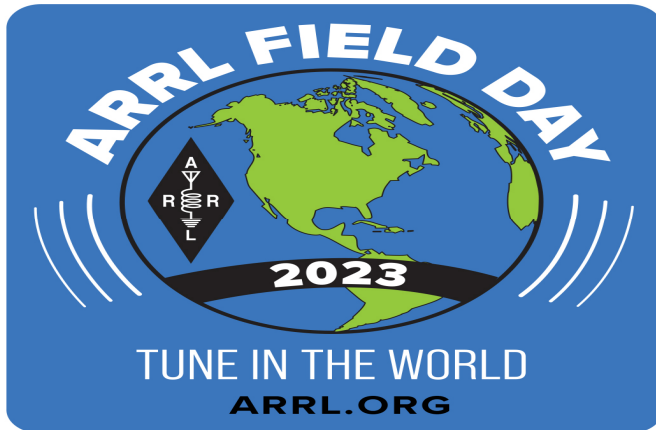

Date	Location	Time
August 12 th 2023	Cumberland County Shrine Club 7040 Ramsey St. Fayetteville, NC 28311	9:00AM
October 14 th 2023	Peace Presbyterian Church 3203 Ramsey St. Fayetteville, NC 28301	9:00AM

REMINDER: Exam candidates are REQUIRED to register in the FCC CORES system and receive a Federal Registration Number (FRN) before exam day. <https://apps.fcc.gov/cores/user>.

Membership Dues

CFARS club dues were due no later than March. If you haven't paid your dues, you are no longer a voting member of the club and as such you will no longer receive a club newsletter. If you are a life member, you will continue to enjoy all of the benefits of club membership. Please keep in mind it takes money to keep the club up and running. There are various expenses each month. So if your dues have lapsed please contact the Club Treasurer and get back up to date. CFARS need you!!

Field Day 2024

Amateur Radio “Field Day” - June 24 and 25 - Will Focus on Skill, Service, Science

WHO/WHAT Members of the Cape Fear Amateur Radio Society (CFARS), will be participating in the national amateur radio Field Day exercise, June 24 – 25 at 3625 Golfview Rd, Hope Mills, NC. Since 1933, ham radio operators across North America have established temporary ham radio stations in public locations during Field Day to showcase the science and skill of amateur radio. This event is open to the public and all are encouraged to attend.

WHEN Saturday and Sunday, June 24 and 25. On Saturday, June 24, from 2 pm to Sunday, June 25, 2 pm.

WHERE The old Hope Mills Golf Course 3625 Golfview Rd, Hope Mills, NC.

WHY Field Day is a showcase for how amateur radio works reliably under any conditions from almost any location to create an independent communications network. “Ham radio functions completely independent of the Internet or cell phone infrastructure, can interface with laptops or smart phones, and can be set up almost anywhere in minutes. That’s the beauty of amateur radio during a communications outage,” says Bob Inderbitzen, NQ1R, spokesperson for ARRL The national association for Amateur Radio®, (www.arrl.org), which represents amateur (or “ham”) radio operators across the country. “In today’s electronic do-it-yourself (DIY) environment, ham radio remains one of the best ways for people to learn about electronics, physics, meteorology, and numerous other scientific disciplines, and is a huge asset to any community during disasters or emergencies if the standard communication infrastructure goes down,” Inderbitzen adds.

Anyone may become a licensed amateur radio operator. There are more than 750,000 licensed hams in the United States, as young as 9 and as old as 100. And with clubs such as CFARS, it’s easy for anybody to get involved right here in Fayetteville, NC. For more information about Field Day or amateur radio, contact Dale Mohr AK4YS, mohrd57@gmail.com or Hector Gonzalez KB4LOA, hectorj.gonzalez@live.com, Don Talbot WO4SFA, sf2arrows@aol.com or visit www.cfarsnc.org and also www.arrl.org/what-is-ham-radio.

Hope to see you there.

Dale Mohr AK4YS

President CFARS

Constitution of the Cape Fear Amateur Radio Society

Preamble

We the members of the Cape Fear Amateur Radio Society Inc., wishing to secure for ourselves the pleasures and benefits resultant from association of persons with a common interest in Amateur radio, do hereby adopt and enact this constitution as our governing law. It shall be our purpose to further the exchange of information and co-operation between members, to promote radio knowledge, fraternalism, and individual operating efficiency, and to so conduct Society programs and activities as to advance the general interest in, and welfare of Amateur Radio in the community.

Article I

Membership:

All persons interested in amateur radio communication (communication between amateur radio stations solely with a personal aim and without pecuniary interest) shall be eligible for membership, as provided for in the By-laws.

Article II

Officers:

Section 1 The officers of this Society shall be: President, Vice-President, Secretary/Treasurer, and Recorder. No member may be elected to more than one office simultaneously.

Section 2 The Officers of this Society will be elected at the October meeting each year and will serve for one year, effective in January following elections.

Section 3 Vacancies occurring between elections will ordinarily be filled by an election at the first regular meeting following the notification of resignation of the incumbent, for the remainder of the term.

Section 4 Officers may be removed from office by a vote of two-thirds of the membership.

Article III

Duties of Officers:

Section 1 The President shall preside at all meetings of this Society. He/She shall enforce observance of this Constitution and of the By-Laws, decide all questions of order, sign all official documents, and perform all other customary duties pertaining to the office of President.

Section 2 The Vice-President shall assume duties assigned by the President and shall fulfill the duties of the President in his/her absence.

Section 3 The Secretary/Treasurer shall process and maintain all records and correspondence, and shall receive, disburse, and accurately account for all moneys of the Society. He/She shall at the expiration of their term, turn over everything in their possession belonging to the Society, to their successor. The Secretary/Treasurer will prepare a draft budget to submit to the president-elect at the December meeting.

Section 4 The Recorder shall keep a record of the proceedings of all meetings, maintain attendance records, determine quorums, and record this information in an official journal. He/She shall collect and maintain all historical records of the Society. He/She shall, at the expiration of their term, turn over everything in his/her possession belonging to the Society, to their successor.

Article IV**Meetings:**

The By-Laws provide for regular and special meetings. At meetings, the transaction of normal business may be decided by a simple majority of members present at a regular or special meeting of the Society. For Constitution or By-Laws changes see Article VII for the requirements.

Article V**Dues:**

The Society, by a majority vote of the membership, may levy dues or assessments as provided for in the By-Laws. Non-payment of dues or assessments shall be cause for expulsion from the Society.

Article VI**Programs:**

The Society shall maintain a program to foster and promote public relations, and such other programs as may be adopted by the membership.

Article VII**Amendments:**

This constitution or By-Laws may be amended by a majority vote of the members present at a regular or special meeting of the Society, provided; that proposed amendments have been submitted in writing at a regular meeting, all members have been notified by email or social media posting of the intent to vote on an amendment or change, and members have been notified of the date on which the vote will be taken.

Article VIII**Rules:**

"Robert's Rules of Order" shall govern all meetings.

By-Laws of the Cape Fear Amateur Radio Society

Section I Document Accessibility

A copy of the Constitution and By-Laws will be maintained by the Secretary/Treasurer and will be kept current as amendments and changes occur. This copy will be available to the membership at all meetings.

Section II Meetings

1. Regular meetings shall be held on the third Monday of each calendar month at such place as the President shall direct.
2. Special meetings may be called by the President when deemed necessary or upon the written Request of five members. Notices shall be sent to members concerning the business to be transacted and no other businesses will be considered. Notification to members will be made at least twenty-four hours prior to the special meeting.

Section III Membership Application and Dues

1. Application for membership shall be submitted in writing. Each applicant must express willingness to abide by the Constitution and By-Laws, and other rules promulgated by the Society Newsletter and members will vote upon the applications at a subsequent regular meeting of the Society. An applicant must be present when voted upon, unless waived by the Society on an individual basis. A majority of the members present is required for approval.
2. The applicant may apply for membership on a yearly basis, or for life membership if he/she is already a member. An honorary membership may be awarded to anyone at no cost by a two-thirds vote of the members present at a meeting.
3. Applications for active membership will not be considered unless accompanied by a fee of five dollars and annual dues in the amount of twenty dollars (\$20) except that applications submitted during the period from the first of July to the thirty-first of December will be accompanied by a dues fee of ten dollars (\$10.00). In addition, a fee of ten dollars (\$10) will be assessed for annual dues for a second and each additional family member.
4. Applicants for Life Membership will be assessed two hundred dollars (\$200), payable in full, or in increments of fifty dollars (\$50) with the application and fifty dollars every month thereafter until the full sum has been paid. A second or additional family member of a life member may apply for life membership for an assessment of one hundred dollars (\$100) payable in full, with the application, or in increments of twenty-five dollars (\$25) with the application and twenty-five dollars (\$25) every month thereafter until the full sum has been paid. Failure of a Life Membership applicant to meet the payment schedule will not be cause for loss of membership if annual dues are current based on the amount paid. Life Member applicants who have made partial payments toward Life Memberships may not obtain refunds of funds paid for or towards such memberships. All such funds are applied against annual dues.
5. Annual dues are due and payable on January 1st of each year. Annual dues not paid by April 1st will be cause for removal from the membership rolls. If a member is deployed on active duty with the military between January 1st and April 1st, the annual dues are waived, and the member remains on the membership rolls for that year.

Section IV Committees

1. The President shall appoint Committee Chairpersons and may additionally appoint members of various committees to carry out the functions and responsibilities of the Society in an efficient and orderly manner. Appointments to committees will normally be made in January and in all cases the membership will be notified of committee appointments.
2. Standing Committees to which a chairperson must be appointed each January are as follows: Membership Committee, Audit Committee, Publicity Committee, and Repeater Committee. Duties and responsibilities of Standing Committee Chairpersons will be delineated by the President in coordination with other officers of the Society with the following exception: The Audit Chairperson shall be responsible to conduct a complete audit of all funds, records, and property belonging to the Society in December of each year. A written report of their findings will be presented to the membership at the December meeting. In addition, the Audit chairperson will conduct periodic reviews of financial records to assist the Secretary/Treasurer in proper records maintenance.
3. Other committee appointments, in addition to the standing committees, will normally be made for the following activities or functions: Two Meter Net Manager, Field Day Chairperson, Facilities Chairperson (responsible for Society property), Swapfest Chairperson, Health/Welfare Chairperson, and Emergency Training Coordinator.

Section V Disbursement of Funds

1. A budget will be established annually to authorize and disbursement of Society funds for a 12-month period beginning in January of each year.
2. A draft Budget will be submitted to the President-elect by the current Secretary-Treasurer at the December meeting so that the President-Elect can develop the proposed budget to be presented for approval of the general membership at the January meeting.
3. A proposed budget will be prepared by the President-elect and presented for approval of the general membership of the Society by a majority vote at the January meeting. This document will authorize the elected officers to obligate and disperse Society funds within the limit imposed for each budgeted item provided sufficient non obligated funds are in the Society treasury at the time that the new obligation is executed.
4. The budget may be amended to meet obligations by a majority vote of the membership present at a regular monthly meeting.
5. All disbursements made by the Secretary/Treasurer from the General Fund will be signed by not less than two elected officers.

Section VI Society Newsletter

1. Purpose: The Society Newsletter shall serve as the official journal for minutes of meetings, financial reports, official notices, listing of applicants for membership, proposed amendments to the Constitution or By-Laws, appointments to committees, and other official acts deemed necessary by the President. The Newsletter will also provide other information for the membership within space and budgetary limitations, at the discretion of the Editor.
2. Editor: The President will appoint a Society member to serve as editor of the Society Newsletter during the President's term of office.

3. Publication: The Newsletter will be published monthly in sufficient time and distributed by email no later than the day prior to the monthly regular meeting of the Society. 4. Mailing: The Newsletter will be E-mailed and posted on social media for all members, ARRL officials and others deemed appropriate by the Editor. The Secretary/Treasurer will provide lists and changes as required. Special arrangements may be made for members that require USPS mailing.

Cape Fear Amateur Radio Society P.O. Box 36106, Fayetteville, N.C. 28303

PT Net...Help Needed

Cape Fear Amateur Radio Society has several long standing traditions, one of which is the weekday morning PT Net. The PT Net still needs another net control operator. We have a vacancy for Monday morning. There are many options for someone to serve the club and we need your help.

The morning PT Net runs from 5:00 am until 7:00 am weekdays including holidays. I realize that 2 hours is a long time early in the morning so we can certainly have two shifts on Monday mornings. We need a couple of hams to step up and take on this task. Please send me an email and let me know which shift you will take on.

The alternate to someone stepping up is the long standing tradition fades away.

Thank you,,

Greg
NC4GK

Larry N4USB

What motivated me to get a license? I have always liked electrical things and I met a man with a ham license when I was about 14. I got a novice license at about age 16 but did not go further. This played a big part in me going to N C State in engineering. I got my present license in 2016 when I found I did not have to take code test.

When we lost our Net Control Manager and at the meeting no one else seemed interested I ask about the job. It sounded like something I could do so I volunteered. Calling the net with a work sheet is not hard; most members could do it easily. I made a computer spread sheet to keep the monthly records so it is not hard to do.

My first objective in Ham radio was to bet a QSL card from all 50 states. I think we all like to contact as many different countries as we can. I have never been a serious con-tester but I like to do a little. I do like the 13 colonies event during the July 4th week. Last year I got a QRP radio and found that I could make a lot of contacts SSB on 5 watts.

I was able to contact all 50 states on 5 watts in 2022. I got interested in Parks On The Air and have made more than 350 contacts with 5 watts and now am at a total of 1800+ different parks. I hope to go over the 2000 count this year. I am not sure what other radio projects I will come up with for the year.

What are my MUST Have radio tools? I want to and have good HF and VHF transceivers. The FTDX10 is a very good hf rig and because the club purchased them it gave me an excuse to get one. I really like the Maxcon (OCF-3K80 2KW) off center dipole. I can use it on 80,40,20,17,12,10,and 6 without a tuner. I have no interest in an amplifier. I like to play with wire antennas.

I have never done parks on the air activation but I would like to do ONE.

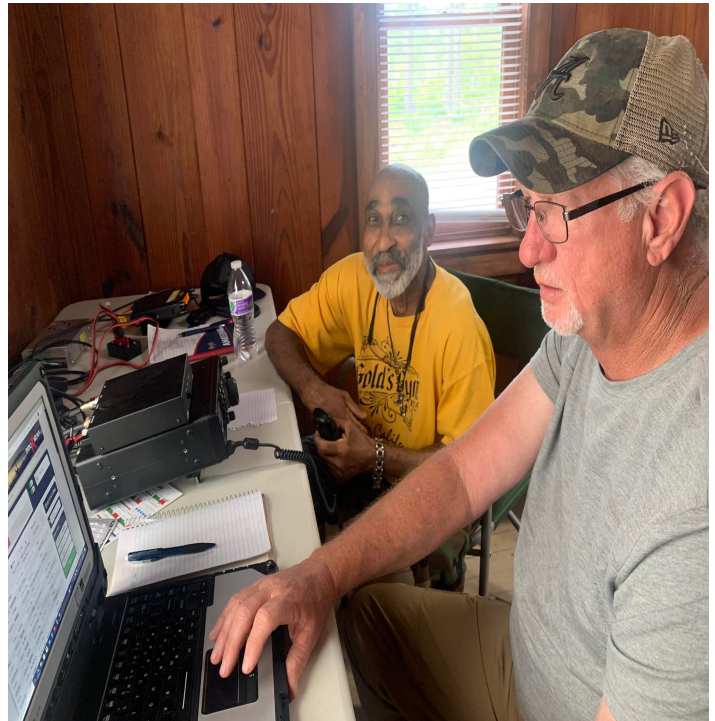

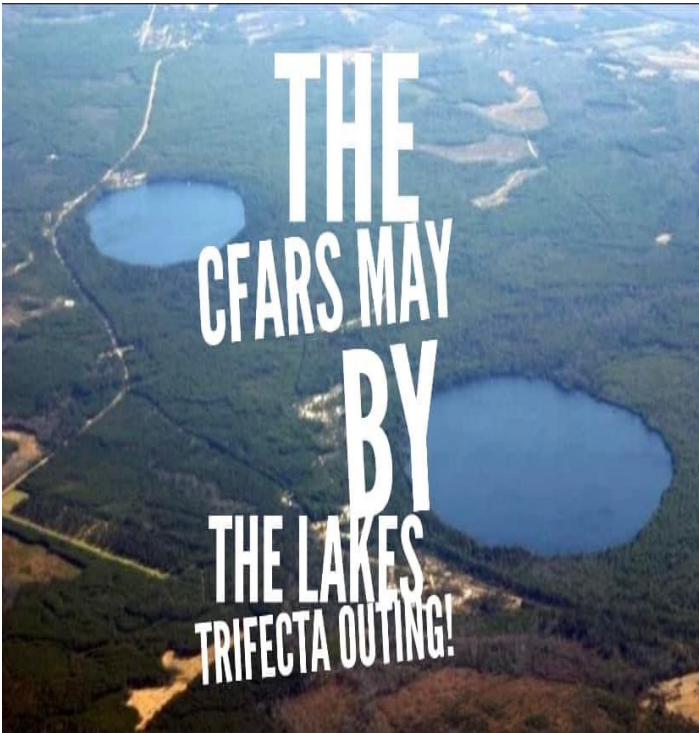

The next thing I would like to do is to get good enough with CW to make a few contacts.

My long term goals with ham radio are to keep it fun, not trying to get too serious and make it too much like work. To me it is interesting not knowing who or where you will make contact with. I also have enjoyed meeting the very interesting and diverse people in our club.

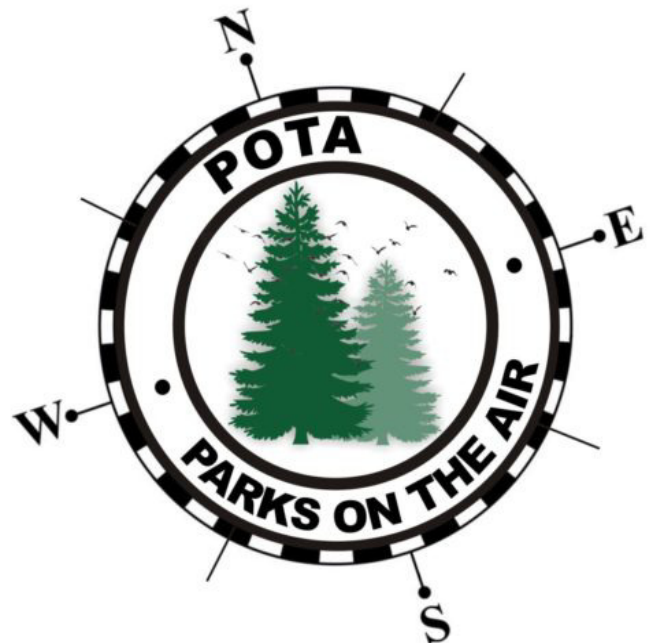

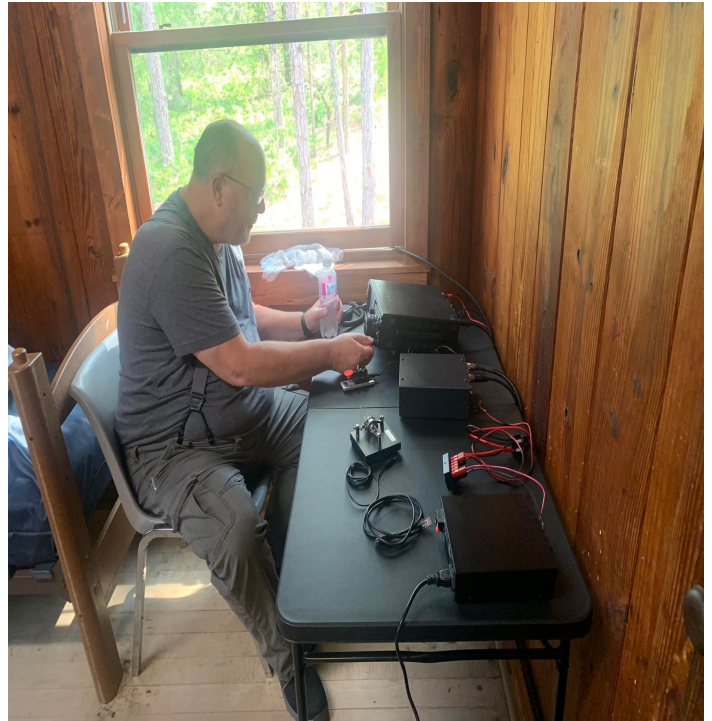

CFARS POTA Outing to Singletary Lake State Park

David WO4ROG and the Sandhills Amateur Radio Club invited CFARS out to Singletary Lake State Park for a joint Parks On The Air Outing. If you didn't know it, Singletary Lake State Park K-2752 lies in the Bladen Lakes State Forest K-4852. The Mountains to Sea State Trail runs through Singletary Lake. Wow that makes this a 3fer...three parks in one! Several hams from both clubs came out to activate, fellowship and share a meal or two.

CFARS POTA Outing to Singletary Lake State Park

If you were unable to join us for this outing, we plan to have several more throughout the year. CFARS is an active club that enjoys interacting with other clubs and hams. We hope to see you at our next event which is Field Day 2023! Come join in the fun!
