WHY VINYL - WHY CARDINAL

You can create the backyard paradise you always dreamed about with a Cardinal Systems inground pool. By using quality steel in building our inground pools, we can shape and create anything you can imagine.

One of the most popular choices for inground pools is the vinyl liner method of construction.

Why a Vinyl Liner Pool?

The many advantages of vinyl liner make it one of the most popular choices for inground pools. With a great variety of liner designs, tile patterns, and colors, you can coordinate your pool's appearance with your backyard landscape.

The surface texture is smooth, non-slip, non-abrasive, and soft to the touch. It won't scratch the skin, swimwear, pool floats, or toys, making it safer and more fun for the whole family.

Initial costs are typically less than that of other options and the construction method allows for speedy installation.

The liner's easy-to-clean surface saves time and energy maintaining your pool. The vinyl is non-porous and is treated to be resistant to algae, mold, mildew, and bacteria, requiring less chemical use and saving on annual upkeep and expenses.

Why a Cardinal Pool?

We realize our customers are making a big investment when they decide to install a backyard pool. We do our utmost to ensure that the final result is a beautiful and long-lasting swimming pool.

Your pool system is modular, meaning that each kit is comprised of different panels, which when bolted together give the builder and homeowner the desired shape and size, exactly to specifications.

Cardinal is the only manufacturer that uses total automation in the fabrication of our panels. Automation assures consistently high quality, precision alignment, and unmatched accuracy. They are made exactly the way the builder requires them, just before he needs them.

We work with you and your builder every step of the way. We'll help you design the pool that best fits your needs to maximize enjoyment and increase the property value of your home.

When you choose a Cardinal steel wall pool kit, you are buying the best pool available.

A Cardinal pool is, quite simply, built to last.

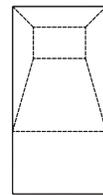

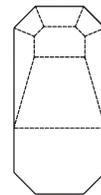

Pick Your Style!

Cardinal's wide variety of standard pool styles lets you select just the right look for your environment. The graceful lines and elegant designs will complement and enhance the architecture of your home.

RECTANGLE

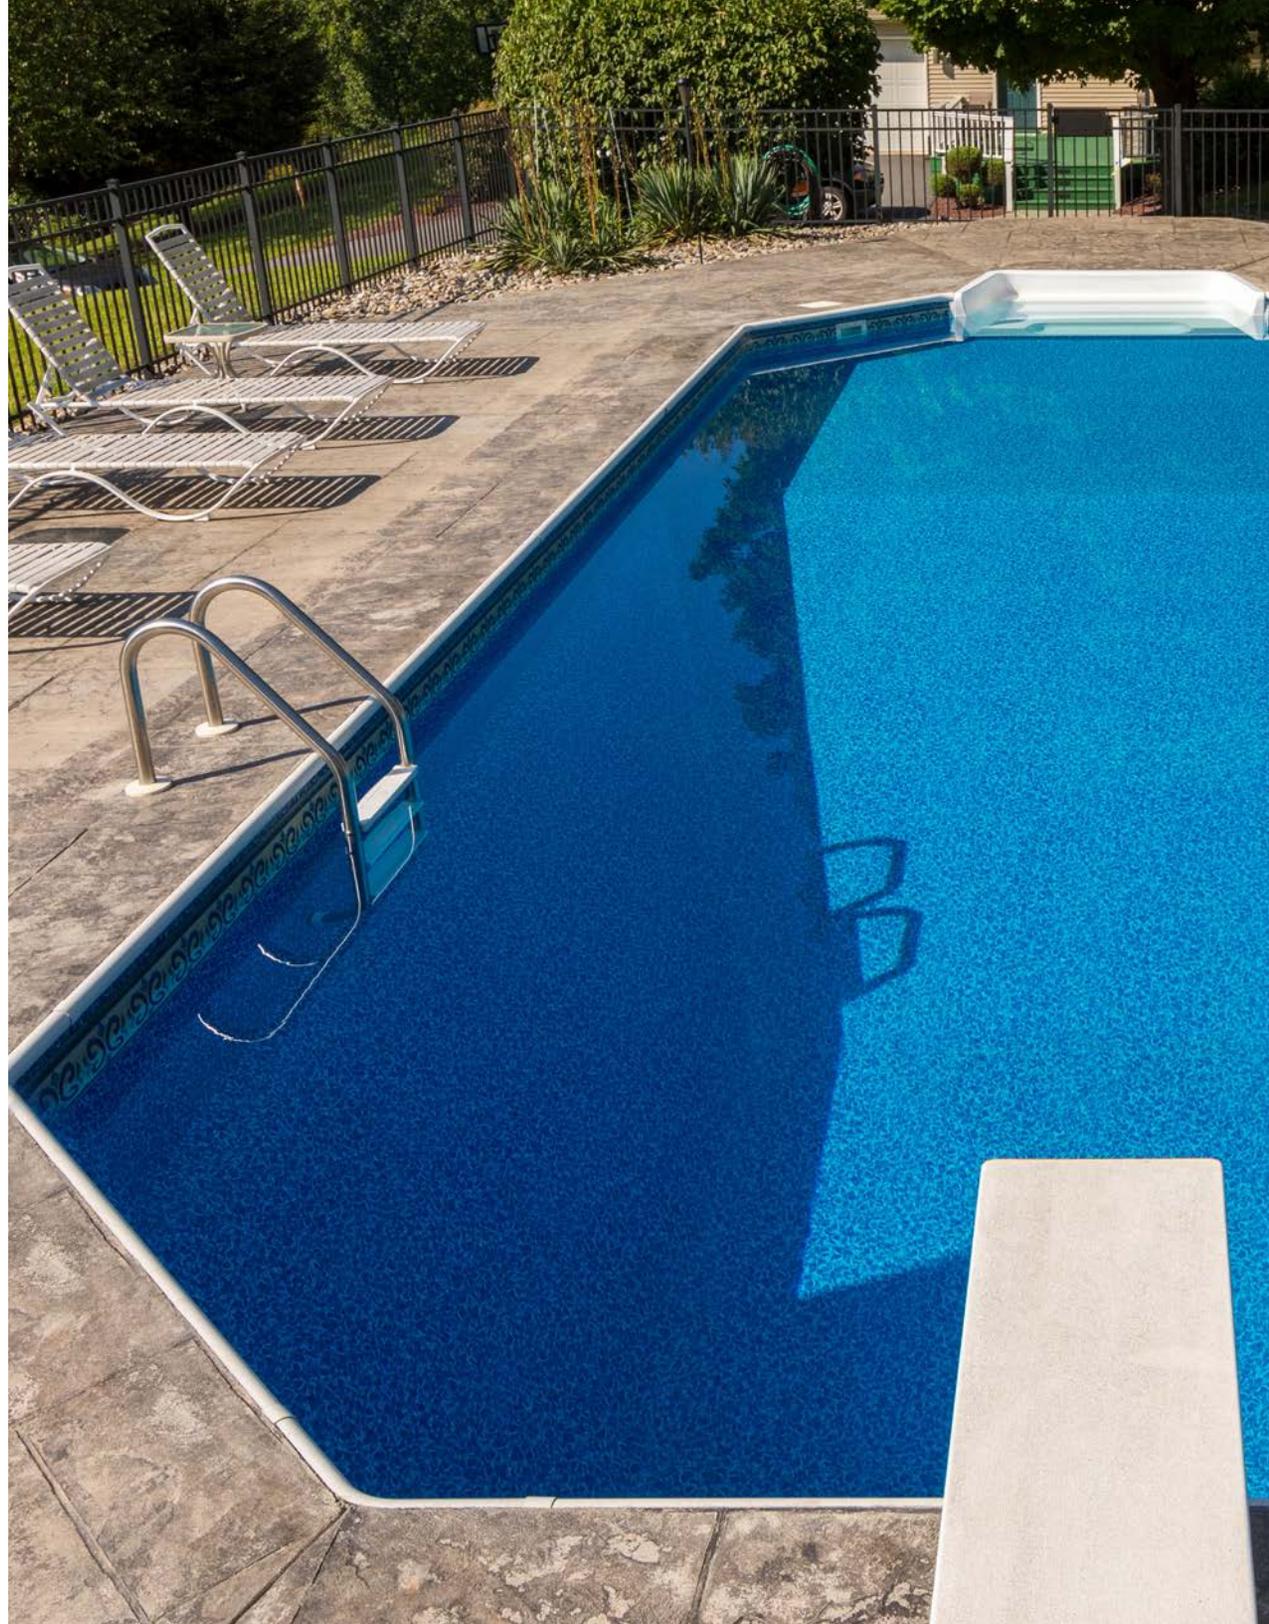

Simple, functional, yet elegant, the rectangle gives you the option of adding a slide or diving board on one end and a shallow area on the other. Great for swimming laps or add a water volleyball net for pool fun. The rectangle is also perfect for adding an auto cover to keep debris out easily.

SOME STANDARD SIZES:

14' x 28'	16' x 36'
16' x 32'	18' x 36'
16' x 34'	20' x 40'

6", 2', and 4' radius corner options available

GRECIAN

Add a bit of geometry to the rectangle with elegant beveled edges. The Grecian with its classically simple Greek form will certainly give your backyard a piece of classical beauty and sophistication while adding elegance to your home. Make your backyard the Acropolis of the neighborhood.

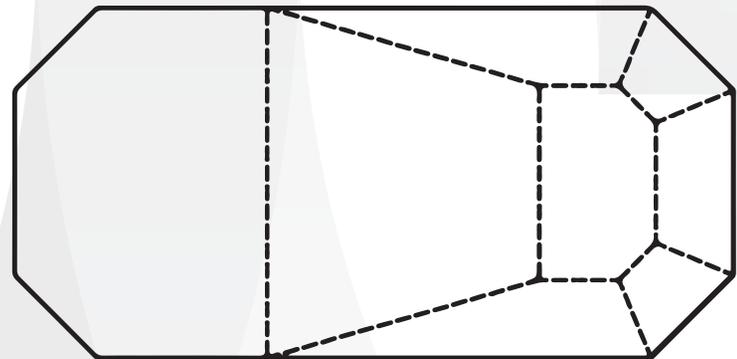

SOME STANDARD SIZES:

14.5' x 28.5' 16.5' x 32.5'

16.5' x 35.5' 17' x 31'

17' x 34' 18' x 37'

20' x 40'

ROMAN END

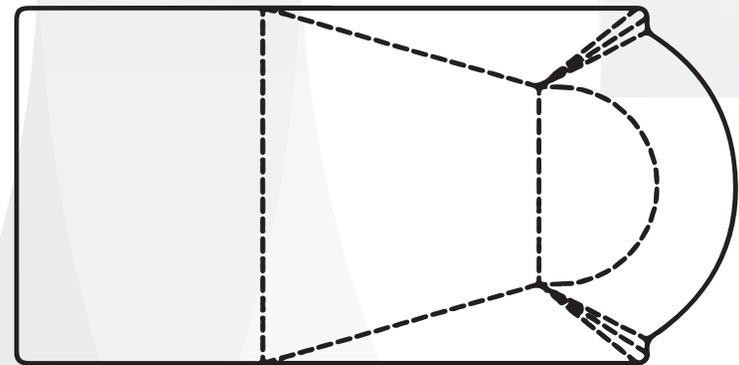

Add a stylish end to that rectangle with a Roman End design. This design lends itself to a beautiful and unique entry into your pool. Add a slide at one end and a custom steel step or a thermoformed step on the other end. Enjoy the beauty of this classic shape and feel as if you are basking in the sun of an Italian landscape in your own backyard.

SOME STANDARD SIZES:

16' x 32' 18' x 36'

20' x 40'

6" and 2' radius corner options available

DOUBLE ROMAN END

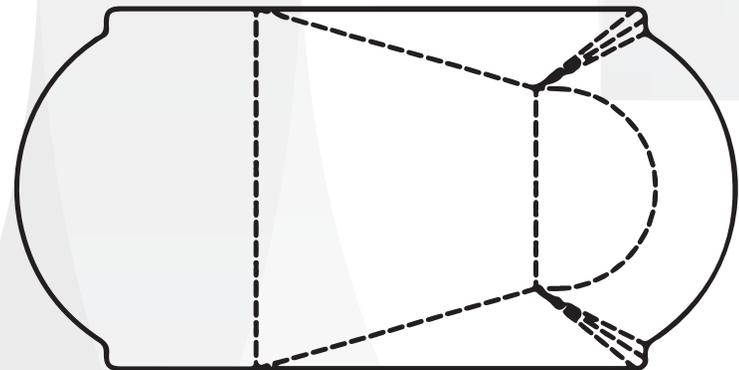

Double up on style with the Double Roman End pool design. With the same great features as the Roman End, only more. This design gives a nice architectural touch to your landscape.

SOME STANDARD SIZES:

16' x 32' 18' x 36'

20' x 40'

6" and 2' radius corner options available

TRUE ELL

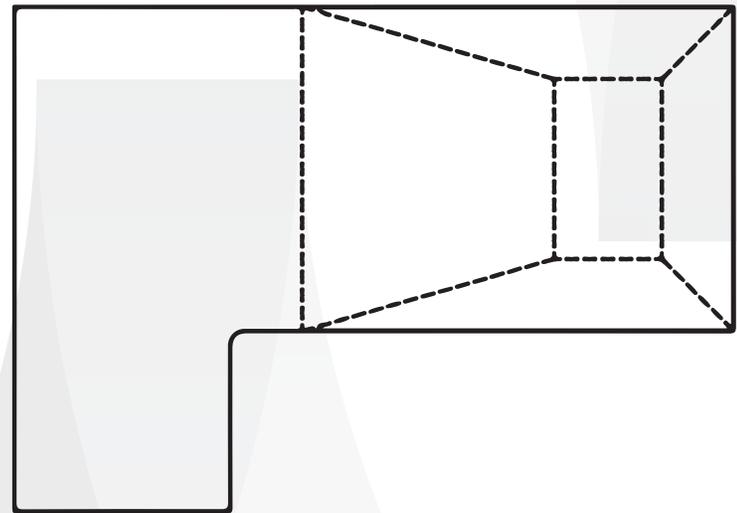

The True Ell design gives you that little extra space for an entryway or another type of feature, yet still enough room for swimming laps. Lounge in the sun or swim and have fun!

SOME STANDARD SIZES:

16' x 32' 12' x 26'

18' x 40' 30' x 12'

6", 2', and 4' radius corner options available

LAZY ELL

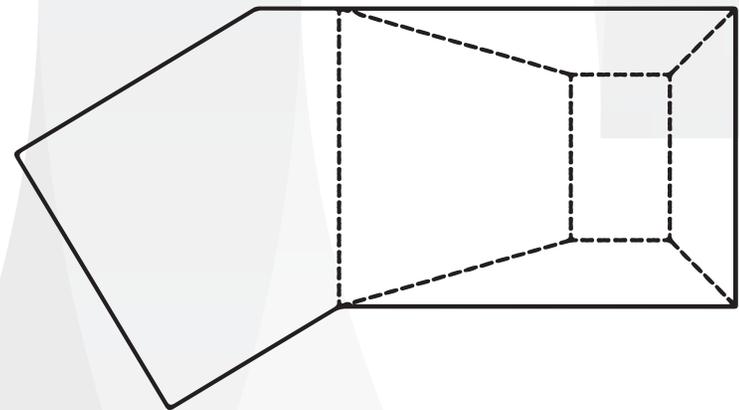

The Lazy Ell design adds the angle on the straight, providing a modern twist to a timeless classic. Gives you enough skew for a unique look to your backyard.

SOME STANDARD SIZES:

16' x 39' 18' x 43'

20' x 44'

6", 2', and 4' radius corner options available

Meet the Manufacturer

The Cardinal Systems, Inc. family of brands consists of:

Cardinal, using the latest technology brings you the best products in the pool industry. Although the heart of our business is steel (pool walls, steps, and benches), we offer a wide range of unique products that are custom made for each customer. Products such as polymer (pool walls and custom structural foam molding), vinyl liners (for both inground and above ground swimming pools), and aluminum (liner track and coping) are offered to help create that distinctive pool design that is central to the landscape of your customer's home. The Cardinal brand also offers an exclusive line of Luxury Spas and Ultimate Pool kits.

Quaker Plastics, our wide range of extrusion and thermoforming products adds depth to the Cardinal brand. Quaker offers products such as deck and paver drains, thermoformed steps, and liner bead that are accessible to the pool industry.

HydroBlox, a revolutionary product that is able to handle water mitigation that requires no maintenance and is completely hidden once installed.

Z Poolform, a unique and reusable system for creative, attractive cantilever concrete decks. It is the easiest and most economical, environmentally conscious way to finish your pool project.

All Cardinal Systems, Inc. products are made in the USA.
