SELF-GUIDED SETTINGS RESOURCE

LinkedIn Settings Playbook

A practical guide to help you configure your LinkedIn account and profile settings more effectively - without guessing what each of the 115 option does.

$39
DIGITAL PLAYBOOK

What you get

- One consolidated playbook covering the key LinkedIn account and profile settings that matter most. Clear guidance for Free, Premium Career, Premium Business and Premium All-in-One members. Visibility and privacy settings so you understand what others can see - and what LinkedIn can use job-seeker and recruiter visibility settings to support an active or confidential search communication, notification and discovery settings so LinkedIn works the way you want it to
- Security and account-protection settings, including sign-in and authentication considerations
- Premium-specific settings and feature distinctions called out where they differ by plan
- A practical checklist so you can review your setup systematically and revisit it as LinkedIn changes

WHY IT MATTERS

LinkedIn optimization is not only about what you write. Settings affect visibility, privacy, discoverability, communication and how you use the platform.

This playbook helps you make those choices intentionally.

BEST FOR

Any LinkedIn member who wants confidence that their account and profile are configured intentionally - especially job seekers who do not want a hidden setting working against them.

NO PROFILE REVIEW REQUIRED

This is a self-guided reference. You do not need to send Greg your resume, profile or job postings.

INCLUDED WITH $199

The Comprehensive LinkedIn Optimization Report Includes the Settings Playbook - a $39 value - so your profile recommendations and account setup work together.
