About American Mister Pageants

American Mister Pageants were created to provide more competition options for natural born boys and men. We offer a wider range of age divisions and areas of competition. Our goal is to give boys and men and opportunity to display their best selves while working on self-improvement, gaining life skills, and being advocates for their communities.

Mister American is

The Well-Rounded Man | The World Class Gentleman

An American Mister is classy yet assertive.

He is polite & a leader.

He is confident & handy.

He is a way maker & a protector.

He is a hard-worker & smart.

In partnership with our supporting organization, The Life Preparatory School for Boys & The X for Boys, we strive work to teach boys the true meaning of manhood & to be protectors and providers for their communities. American Mister Pageants work to produce mentors & father figures to be positive role models for our young men.
