Correctional Facilities:

-Chelsie is not present, nothing to report. Chelsie joined late.

- confirmed she is continuing as Chair. She does need a male counterpart. Met with the previous person who was in this position. Chelsie is asking in each meeting if they're willing to sponsor people, instead of getting meetings started first. Done by mail and would continue as this. Patrick noted that this was mailed to the Intergroup. Scott noted that this was done to HUB spot through SAICO as its secure. Restrictions changing frequently as well as safety- SA members inside can be targeted inside prison. Tim suggested she share, asking at meetings, for male counterpart.

Delegates meeting: Scott

- we are overdue for a census, be done every 10yrs, last done in 2010 or 11. Due to Covid this did not happen. Technology committee was able to put an online form together due to Covid. Delegates asked to disseminate to Intergroups to get a health of the groups and helps to keep things in Alignment. 1 Delegate per 50 meetings. Discussed how this will be deployed to meetings as well as updates to websites. Not everyone will get the form, Scott will get more details on this to help identifying how best to proceed.
- \*add to Intergroup agenda for August so that Scott can discuss this
- SAICO is asking for people to be named as sponsors so that they can be added to housed within SAICO, is a database. Remote people who don't have meetings and are in desperate need of sponsor.
- budget: is about \$320K/yr and about \$100K in excess, want to spend about \$90k in projects
