Session Four!

Perspectives Session Four will run from January 15th through February 6th.

We start this session with lots of play. On January 15th and 16th, we’ll have a Puzzle Palooza! We’ll put together some puzzles and make our own, too.

On January 22nd and 23rd, Bill Trevaskis will help us make some noise! We’ll scoot over to his room to play some music.

The following week, on January 29th and 30th, we’ll go over to Ms. Cohn’s Science Room to have a Science Fair! We’ll see lots of cool experiments and become scientists!

The last and final week of our session, we’ll have Kirk G. back with us. Kirk’s sure to wow us with some neat nature! Owl pellets and bones, and if weather permits, maybe some animal tracking!

This Session:

- Puzzle Palooza!
- Music with Bill!
- Science Fair with Ms. Cohn!
- Animal Tracking with Kirk!
