A PROUD MEMBER OF THE INTERNATIONAL CODE COUNCIL

BUILDING OFFICIALS ASSOCIATION OF MISSISSIPPI

P. O. Box 292
SOUTHAVEN, MS 38671

To All Whom These Shall Come Greetings:

The Building Official Association of Mississippi (BOAM) is seeking companies and individuals to assist our association in achieving its stated purpose;

- To promote within Mississippi municipalities and counties the highest standard of safety to life, health and property, at minimal costs, through the education and training of Building Officials and associated Code professionals.
- To create a better public understanding and appreciation of the proper administration and enforcement of building, housing and zoning regulations and their importance to the safety, welfare and prosperity of our municipalities, counties and State.
- To improve the prestige of Building Officials and Code Enforcement professionals through the promotion of high levels of efficiency in the administration and enforcement of building, housing and zoning laws through advanced education and training programs.
- To assemble with other government officials concerned with building, housing and zoning laws at sanctioned conferences, in order to promote and enable the exchange of ideas and to discuss their mutual problems.

Your sponsorship can help us to continue the following:

- BOAM conducts a summer and winter conference where training is presented and ideas are exchanged. They offer the code professional and building vendors the opportunity to network, as well as the chance to share firsthand, emerging technologies and new means and methods.
- Each year we sponsor training throughout the State, so that those members and contractors unable to attend our conferences are afforded the same opportunities.
- We underwrite member meetings with the State Building Code Council, as well as attendance to the International Code Council regional meetings and national conferences. We do so to insure that our voices are heard and our votes cast on code specific issues and for the leadership of the ICC.

By partnering with our association you are helping to promote life safety and health and the protection of property. Please consider one our five levels of contribution;

- Platinum.....\$1500.00
One booth space in a prominent location at EACH of our summer and winter conferences;
 - A 30 minute presentation before the general membership
 - Your company name and logo with hyperlink (permission required), in a prominent location on our webpage
 - Prominent listing on the conference program and at the conference (show card)

BUILDING OFFICIALS ASSOCIATION OF MISSISSIPPI

P. O. Box 292
SOUTHAVEN, MS 38671

- Gold..... \$1000.00
One booth space in a prominent location at the conference of your choice;
 - 30 minute presentation before the general membership;
 - Your company name and logo in a prominent position on the BOAM webpage;
 - Prominent listing on the conference program and at the conference (show card)

- Silver..... \$750.00
One booth space at the conference of your choice;
 - Your company name and logo in a prominent location on the BOAM webpage;
 - prominent listing on the conference program

- Bronze..... \$500.00
One booth space at the conference of your choice;
 - Your company name and logo on the BOAM webpage;
 - Listing on the conference program.

- Session refreshment breaks..... \$300.00.
This entitles the sponsor to a listing on the conference agenda and a placard (show card) located on the refreshment table(s).

Booth Space/Size Specifics:

- Each 10' X 10' space will have an 8-foot display table with 3-foot side drapes
- Electrical receptacles are limited; so please indicate on the application if you will need a power source for your exhibit and to what degree.

I hope that you will consider supporting our association by attending one or both of our annual gatherings. This is an excellent opportunity for you as a Building Trades Professional to introduce and promote your product or service.

By your networking with the Building Code Professionals of Mississippi we both foster a better working relationship and understanding of our common goal, enhancing the quality of life for our customers. Sharing your knowledge of new products and techniques keeps BOAM's members on the forefront of building technology. It also provides face to face communication that often times dispels many of the myths and misinformation we pick up on the street.

I hope that you will choose to join us at one of our meetings and share your expertise and knowledge.

In the interim, if I may be of some assistance your inquiry is solicited. With kindest personal regards, I remain,

Yours truly,

Brian
