Darkness of Prey

Lyrics by Cindy Olejar

Falling prey pushing darkness away.

Shadows still cast when kept at bay.

What is it really that is so afraid?

Darkness of prey, what do you have to say?

I arrive to point to another way.

Welcome me without words that slay.

Falling prey pushing darkness away.

Shadows still cast when kept at bay.

What is it really that is so afraid?

Darkness of prey, what do you have to say?

Accept me just as much as the light,

A knowing will come of a profound insight.

Falling prey pushing darkness away.

Shadows still cast when kept at bay.

What is it really that is so afraid?

Darkness of prey, what do you have to say?

Acceptance does not have any fear,

Nor an agenda to gain something here.

Falling prey pushing darkness away.

Shadows still cast when kept at bay.

What is it really that is so afraid?

Darkness of prey, what do you have to say?

When darkness is fully accepted to be,

Darkness will then shine peacefully.

Ooooo, oooooo, ooooooooo, Ooooooooo

Ooooo, oooooo, ooooooooo, ooooooooo

When darkness is fully accepted to be,  
Darkness will then shine peacefully.

Ooooo, oooooo, ooooooooo, Ooooooooo

Ooooo, oooooo, ooooooooo, ooooooooo
