## IMPORTANT TIPS

1. Students who are accepted by HBU should apply for the X1 visa at their country's Chinese Embassy (or Chinese Consulate) with "Admission Notice of Hebei University" and "Confirmation Form for Study in China", and change X1 visa into a Residence permit for foreign students within 30 days after entering China. Students who don't apply for the relevant visa and residence permit will have to drop out.
2. HBU doesn't accept students with non-student visas.
3. Students who are accepted must register according to the time in the Admission Notice of Hebei University. Registration in advance or delay will not be accepted.
4. Original documents will be verified on registration. Students who are not able to provide or fail for verification will be disqualified for admission.
5. The Chinese Ministry of Education stipulates that international students studying in China must purchase medical insurance within China. Hebei University will not process registration procedures for those who have not purchased medical insurance.
