## ABOUT OURVIEW

OurView, a disability consulting and awareness company was formed in June of 2010. The mission of OurView is to educate, raise awareness, and to change the tone of the conversation about disabilities.

This mission is achieved by working collaboratively with educators and school administrators to facilitate assemblies in small classroom settings for students at all grade levels including higher education.

Topics covered during the sessions include the following; anti-bullying, diversity, inclusion, disability statistics, etiquette, and advocacy. Assemblies can always be tailored to meet the individual needs and goals of a specific school.

In June of 2020, The OurView Podcast was launched. With over 7,700 streams and over 100 episodes, the podcast is dedicated to sharing the stories of those who live with disabilities.

## ABOUT ARTHUR

Arthur Aston is the founder of OurView. He was born with Spina Bifida in 1981, and was not expected to live past the age of 15. He has to use leg braces and crutches to walk, as the Spina Bifida diagnosis affected his leg function.

He has a Bachelor's Degree in Psychology and a Master's Degree in Psychological Counseling. He has adopted a personal mission to change the way society views those who live with disabilities. For the last 10 years, He has served as the Executive Director of Build Jake's Place, a 501(c)3 nonprofit in Pennsauken, New Jersey that creates accessible play experiences. He also manages the Camden County NJ Miracle League, a baseball league for children and adults with disabilities
