FOR IMMEDIATE RELEASE:

New Children's Book by Dr. Haley T. Arias Helps Young Readers Navigate Loss and Grief

DURANGO, CO — Mascot Books is pleased to announce the release of *When I Can't See You*, written by Dr. Haley T. Arias, with illustrations by Miki Harder.

Navigating loss and grief can be complicated and overwhelming, especially for our little ones. *When I Can't See You* is a beautiful story with a poignant take on where to look when grief becomes hard and confusing.

Filled with inquisitive adventures and the power of companionship, this tale will show children that sometimes we can find friendship with someone completely different from ourselves.

Dr. Haley T. Arias is a writer, Doctor of Chiropractic Medicine, assistant professor of biology, and business owner living in Durango, Colorado. Her debut children's book, *When I Can't See You*, was born out of her own personal tragedy and childhood grief. Dr. Arias has spent her career researching and serving those in need during their time of grief. With this book, Arias hopes to foster a sense of imagination in children as they search for their own answers throughout the confusion of their loss and to become a helper for those suffering from the trauma.

"This book was born out of my own personal tragedy of losing my older brother and others when I was a child, and it just kept coming back to me," said Arias. "I hope sharing this book with others sparks conversations around the dinner table or during bedtime routines to start the healing of the fractures that loss can cause within families."
