

" HI, Brian here, I
focus on the
SMALLER Small
Businesses -
with **Top of Mind**
Marketing! "

Valentines Day and Chocolate go hand in hand (just as Christmas and candy canes). We have been "taught" to believe this, every year. let me ask you:

- think of food place that has the colors red and yellow - did you instantly think of McD?

- think
of
a
swoosh
when
I
mention
a
tennis
shoe
-
was
NIKE
the
first
thought
that
popped
in?
(go
ahead
and
google
swoosh
tennis
shoe)

I recently came across a article that says subliminal messages are visual or auditory stimuli that the conscious mind cannot perceive, often inserted into other media such as TV commercials or songs. This kind of messaging can be used to strengthen or heighten the persuasiveness of advertisements, or to convey an altogether different message entirely.

Sublimental Message, What's Yours?
