EXECUTIVE LEADERSHIP PROFILE

Strategic IT and digital transformation leader with 18+ years of program and portfolio management experience and senior leadership across software-enabled technology, enterprise IT, wireless/telecom, business integrations, and global cross-functional initiatives. Proven record partnering with business and technology stakeholders to translate business priorities into scalable technology roadmaps, software life-cycle delivery, architecture-led solutions, process modernization, and measurable operational outcomes. Experienced in leading high-value portfolios, software development and release governance, AWS integrations, CRM/ERP integrations, data and analytics, AI-enabled transformation initiatives, Agile/SAFe delivery, financial management, and team development.

EXECUTIVE VALUE PROPOSITION

DIGITAL & SOFTWARE TRANSFORMATION

Software life-cycle governance, architecture, automation, integrations, scalable delivery cadence, and transformation of enterprise processes.

PORTFOLIO & PROGRAM LEADERSHIP

Oversight of 75+ time-sensitive initiatives with disciplined capacity planning, risk management, vendor leadership, and measurable throughput gains.

BUSINESS-IT PARTNERSHIP

Connects executive business priorities to technology roadmaps, delivery commitments, financial outcomes, stakeholder needs, and customer-facing capabilities.

CLOUD, DATA & EMERGING TECHNOLOGY

AWS integrations, data analytics, AI adaptation, enterprise architecture awareness, and technology modernization across complex environments.

IT Strategy & Roadmaps • Digital Transformation • Software Development Lifecycle (SDLC) • Enterprise Architecture • AI & Technology Adoption • AWS / Cloud Integration • CRM / ERP Integration • Portfolio & Program Management • PMO Governance • Agile / SAFe Delivery • Product Development • Data & Business Intelligence • Financial / CapEx / OpEx Management • Vendor & Contract Leadership • Executive Stakeholder Management • Global Team Development • Risk Management • Process Optimization

PROFESSIONAL EXPERIENCE

CHARTER COMMUNICATIONS | Denver, CO / Atlanta, GA

Senior Manager, Mobile IT | 2020–Present

- Led the Mobile IT Back Office portfolio with accountability for 75+ time-sensitive projects, aligning technology delivery, stakeholder priorities, capacity, risk, and operational outcomes.
- Developed an end-to-end, scalable delivery cadence spanning Software Life Cycle intake through production release, strengthening delivery governance and execution discipline.
- Led wireless technology initiatives across architecture, software development, automation, and systems integrations connecting business requirements to scalable technology solutions.
- Drove digital transformation and technology modernization, including AI adaptation, enterprise architecture awareness, automation, and software-enabled process improvements.
- Established workflows and process enhancements that improve execution consistency, transparency, and operational efficiency across complex IT initiatives.
- Managed executive stakeholder and vendor relationships; negotiate contracts and develop business plans supporting technology priorities and portfolio objectives.
- Managed CapEx and OpEx budgets through cost-variance monitoring, reinforcing financial discipline and business-value accountability.

BLUE SKY GROUP, LLC. | Atlanta, GA

Portfolio Manager / Senior Program Manager | 2015–2020

- Managed business intelligence and financial roadmap projects for enterprise clients including Amazon Business and The Home Depot, translating business objectives into technology delivery plans.
- Led product life-cycle development and business integrations using Salesforce, ServiceNow, AWS integrations, and SAP systems.
- Developed financial strategy for Berkshire Hathaway, integrating analytics, business planning, and technology-enabled decision support.
- Embedded Agile best practices into core processes, reducing average production cycle time by 17% across projects.
- Developed scalable end-to-end delivery cadence and strengthened execution governance across complex project portfolios.
- Enforced delivery commitments and capacity planning, increasing team throughput by 20%.

KELLEY COMPANIES, LLC. | Peoria, IL

Program Manager | 2007–2014

- Led data analytics research for the annual Illinois Crash & Statistics report, converting large datasets into actionable business insights.
- Integrated a homegrown payroll interface with an ERP-based interface to improve enterprise data connectivity.
- Optimized storage and dataset processing through Apache Hadoop, increasing concurrent user capacity by 47%.
- Led a team of four software engineers to create and upgrade Oracle databases while sustaining a 98% on-time delivery rate.
