### Wensleydale & Cranberry (Yorkshire)

Creamy, crumbly & full of flavour, this Yorkshire Wensleydale cheese has been carefully combined with the delicate fruity succulence of pure, sweet cranberries.

### Shropshire Blue (Shropshire)

This cheese has a deep orange-brown, natural rind & matures for 10-12 weeks. It is a soft cheese with a sharp, strong flavour & a slightly tangy aroma. It is slightly sour but sharper than Stilton & generally creamier.

### Tunworth (Hampshire)

An English camembert good enough to make a Frenchman weep! An award-winning, soft white-rinded & intense cheese.

### Somerset Brie (Somerset)

A fine mould ripened brie. It is creamy with a mild, fresh flavour & a soft edible rind. This fabulous creation won 'Best Soft Cheese' at the 2012 British cheese awards.

### Black Bomber (Cornwall)

A modern classic. Marrying a deliciously rich flavour with a smooth creaminess, this flagship cheddar cheese lasts long on the palate & remains demandingly moreish.
