

## **Brome & Oakley Village Hall**

Reg'd Charity No 1091952

### **Recycling Policy (vers. July 2023, reviewed May 2025)**

#### **Aims**

The need to protect our environment and eliminate harmful waste is important. Brome & Oakley Village Hall will reduce, re-use and recycle where possible. In addition this policy will be a condition of hiring.

#### **Facilities**

Glass and paper and card recycling bins are located in the VH car park. In addition the VH has its own bin for recyclables. All items in this bin should be clean and dry and not bagged up. Items which should go in the recycling bins include:

- Clean aluminium food trays and foil (please roll foil into a ball)
- Clean metal food and drink cans
- Plastic kitchen and household cleaning products (with tops on)
- Plastic bottles (squashed flat with lids)
- Clean plastic food pots, tubs and trays

There is also a separate waste bin for all non-recyclable waste. Waste food, where it absolutely must be thrown away, must be bagged.

Adopted July 2023 – to be reviewed after every AGM. Next review May 2026.
