Ambrosia & Fig

Ambrosia & Fig has been a trusted and experienced provider of private school lunches, breakfast and snacks for 30 years. We are leading the way in providing nutritional school lunches throughout North Texas. We serve many private sectors for the community from Montessori, Private Schools, and Prep Academies. We meet or exceed the CACFP and meal and snack requirements recommended by the USDA. We are licensed and insured and are a full-service catering company.

Why Choose Us

Ambrosia & Fig chooses our menu carefully. We only use the best ingredients with the maximum nutritional benefit. Our Prince Edward Culinary Blend vegetables may look pretty, however, they are the optimal blend of Vitamin A and D. We choose quality and nutrition and blend it with a menu that your child will love. Many of our products are organic, grass fed, Nitrate and Nitrite free. We bring fresh lunch to your school that is prepared daily in our local kitchen. We introduce your child to different textures, tastes, and cultures. Giving them the world at their fingertips.

About Us

Ambrosia & Fig is a locally & family-owned business with 35 years experience in the industry and ran by our award-winning Executive Chef & Chief Culinary Director, Michelle, who leverages her incredible talents to transform meals into truly exceptional experiences for Texas children and families. We have multiple divisions including family meal plans, catering, nutritional meal plans, gourmet desserts and more! Our child nutrition division's recipes have been specifically designed to give your child the most nutrition by incorporating fruits and vegetables into snacks and meals. For example, we add 5 pureed vegetables to our spaghetti sauce! We follow all National Nutrition guidelines to ensure your child is getting the recommended lunch requirements.

Piece of Mind

With parents busy schedules today, you can put your trust in us to feed your children with the same care and compassion as you would in your own kitchen. Ambrosia is a Gold Star Kitchen and one of the few 100 percent rated kitchens in the area with the Health Department. KLA School has its own page for reference or any questions you may have. Simply go to <https://ambrosiaandfig.com/kla-schools> and click on the order here button.

If you have any questions please feel free to reach out to your school administrator or contact us directly at 469-466-2002 or michelle@ambrosiaandfig.com
