

RENU 28[®]

Revitalizing Redox Gel

It's not another face cream. It's 90 mL of skin-priming, age-fighting, cellular-rejuvenating gel for your whole body. Don't settle for the beauty routines of yesterday. Transform your skin from within, with RENU28[®] Revitalizing Redox Gel. Skin care upgrade complete.

The RENU28 Story

Everyone is born with smooth, resilient skin. Youthful skin cells renew quickly, but over time, skin cell turnover slows. The result is visibly aging skin.

RENU28[®] Revitalizing Redox Gel is revolutionizing the way we think about skin care. Using patented ASEA redox technology, RENU28 transports active redox signaling molecules to your skin. This is foundational skin technology at its best.

Your Body Creates, RENU28 Rejuvenates

Although skin's natural ability to renew itself declines over time, the daily application of RENU28 encourages 28 days of surface skin cell turnover for tighter and more nourished skin from head to toe.

RENU28 is full-body beauty that starts in your cells to reduce the appearance of cellulite and wrinkles, calm red and dry skin, and ease temporary muscle discomfort.

- › Helps reduce the appearance of cellulite and wrinkles, enhancing skin texture and smoothing the skin
- › Helps soothe skin discomfort after shaving or sun exposure
- › Helps soothe muscle discomfort
- › Supports surface skin cell renewal for visibly younger-looking skin

More Power to Your Skin

ASEA's patented process produces redox molecules, which support communication at the cellular level and help improve the healthy, youthful appearance of skin.

90 mL / 3.0 fl. oz.

Pricing can be found in your virtual office library.

RENU 28[®] Revitalizing Redox Gel

Proven Results

A world-renowned dermatological research institute, Dermatest[®], conducted clinical trials on RENU28[®] with amazing results.

Over 28 days, clinical tests showed visible improvements.

RENU28 has earned Dermatest's coveted 5-star clinically tested seal, its highest possible commendation for safety and efficacy.

RENU28 is produced in an FDA-registered, NSF-certified facility and is certified by an independent third-party lab to contain active redox signaling molecules.

Directions

Use RENU28 morning and evening after cleansing as step two of your RENUAdvanced[®] skin care routine or anywhere on your body, any time, to prime and support areas of specific concern. Shake well before using.

Ingredients

Aqua/Water/Eau, Sodium Magnesium Fluorosilicate, Sodium Phosphate, Sodium Chloride.

Caution

For external use only. Avoid contact with eyes. If skin irritation occurs, discontinue use. Keep out of direct sunlight.
