Planning Your

# KITCHEN

Let us show you typical kitchen shapes to guide you, then the rest is up to you. What are your must haves and why are you buying a new kitchen? Take inspiration from our suggestions and ensure you've got everything covered.

# CONSIDER YOUR LAYOUT

Your Jigsaw kitchen will be highly personal as you piece together everything we have to create your own look. The first step though is confirming your layout and understanding which works best for your home. We've illustrated the most common styles for you found within the UK, but if you're lucky enough to have a completely blank canvas then enjoy creating your own!

## LINEAR

Used for compact kitchens, combine with clever storage solutions to maximise the space.

## L-SHAPE

The most common kitchen layout, leaving space to move around and possibly enough space for a dining table.

## GALLEY

Works best for long narrow kitchens with everything within easy reach.

## U-SHAPE

Great for lots of storage space, use pull out corner units for easy access to all your pots and pans.

## G-SHAPE

Get additional storage and worktop space with a G-shaped kitchen, also ideal for creating a social centre point.

## ISLAND

This desirable layout works well with large open plan kitchens, creating a flexible and social working space.

## Room Considerations:

### ROOM DIMENSIONS

- Walls, inc. exterior ones
- Height of room
- Boiler & radiators
- Windows & doors, inc. frame and which way they open

### THE DETAILS

- Location of sockets
- Waste pipes
- Air Vents
- Gas pipes

### APPLIANCES

- Integrated / free standing
- Any existing appliances

# DESIGN IDEAS

*The devil's in the detail!*

## Consider curves to create a bespoke look.

Curved kitchen design adds a different aesthetic to more traditional straight lines. Tall external curves create a feature area and can now be created in many ranges.

### Available as:

- Base units
- Wall units
- Tall units

## Take full advantage of full height larder doors.

Enhance a minimalist design with the inclusion of full height larder doors. Equally as impressive in either a straight run of larders or in framing ornate design.

### Available in:

- Lucente
- Vivo+
- Linear
- Stratto

*Shhh...*

All of our doors and drawers come with soft close as standard

## Understanding drawers.

Drawers are an increasingly important part of the kitchen offering style and easy access. Jigsaw provides a multitude of sizes and configurations which are easily explained below:

### DRAWER CONFIGURATIONS

What drawer combination you choose might depend on how much space you've got available, what design you're after, or what you want to store in them. For example...

- Cutlery
- Utensils
- Cookware
- Plates and bowls
- Food
- Kitchen towels
- Cleaning products

### POPULAR DRAWER CONFIGURATIONS:

5 shallow drawers

4 shallow drawers

1 shallow + 2 deep drawers

2 deep drawers

1 internal & 2 deep drawers

### INTERNAL DRAWERS

Internal drawers are a great way of achieving a clean and linear look while still providing practical storage and easy access to your cutlery and utensils. The top drawer simply hides inside the deep drawer front, creating an uninterrupted and streamlined kitchen design.

Choose strength and durability for peace of mind.

# CABINET CHOICES

Cabinets are the foundation of a kitchen with multiple sizes and shapes now available to navigate around any room. We have 5 matt colours\* available meaning you can choose to co-ordinate or contrast with your door choice.

\*Oak not available for true handleless

## What makes our cabinets extra special?

18mm back panel for added rigidity on base units means you don't need to worry about your cookware damaging the backs!

2mm PVC on leading edges prevents moisture from getting into the cabinet structure and causing damage.

Be assured of lasting quality with our 18mm thick cabinets as standard.

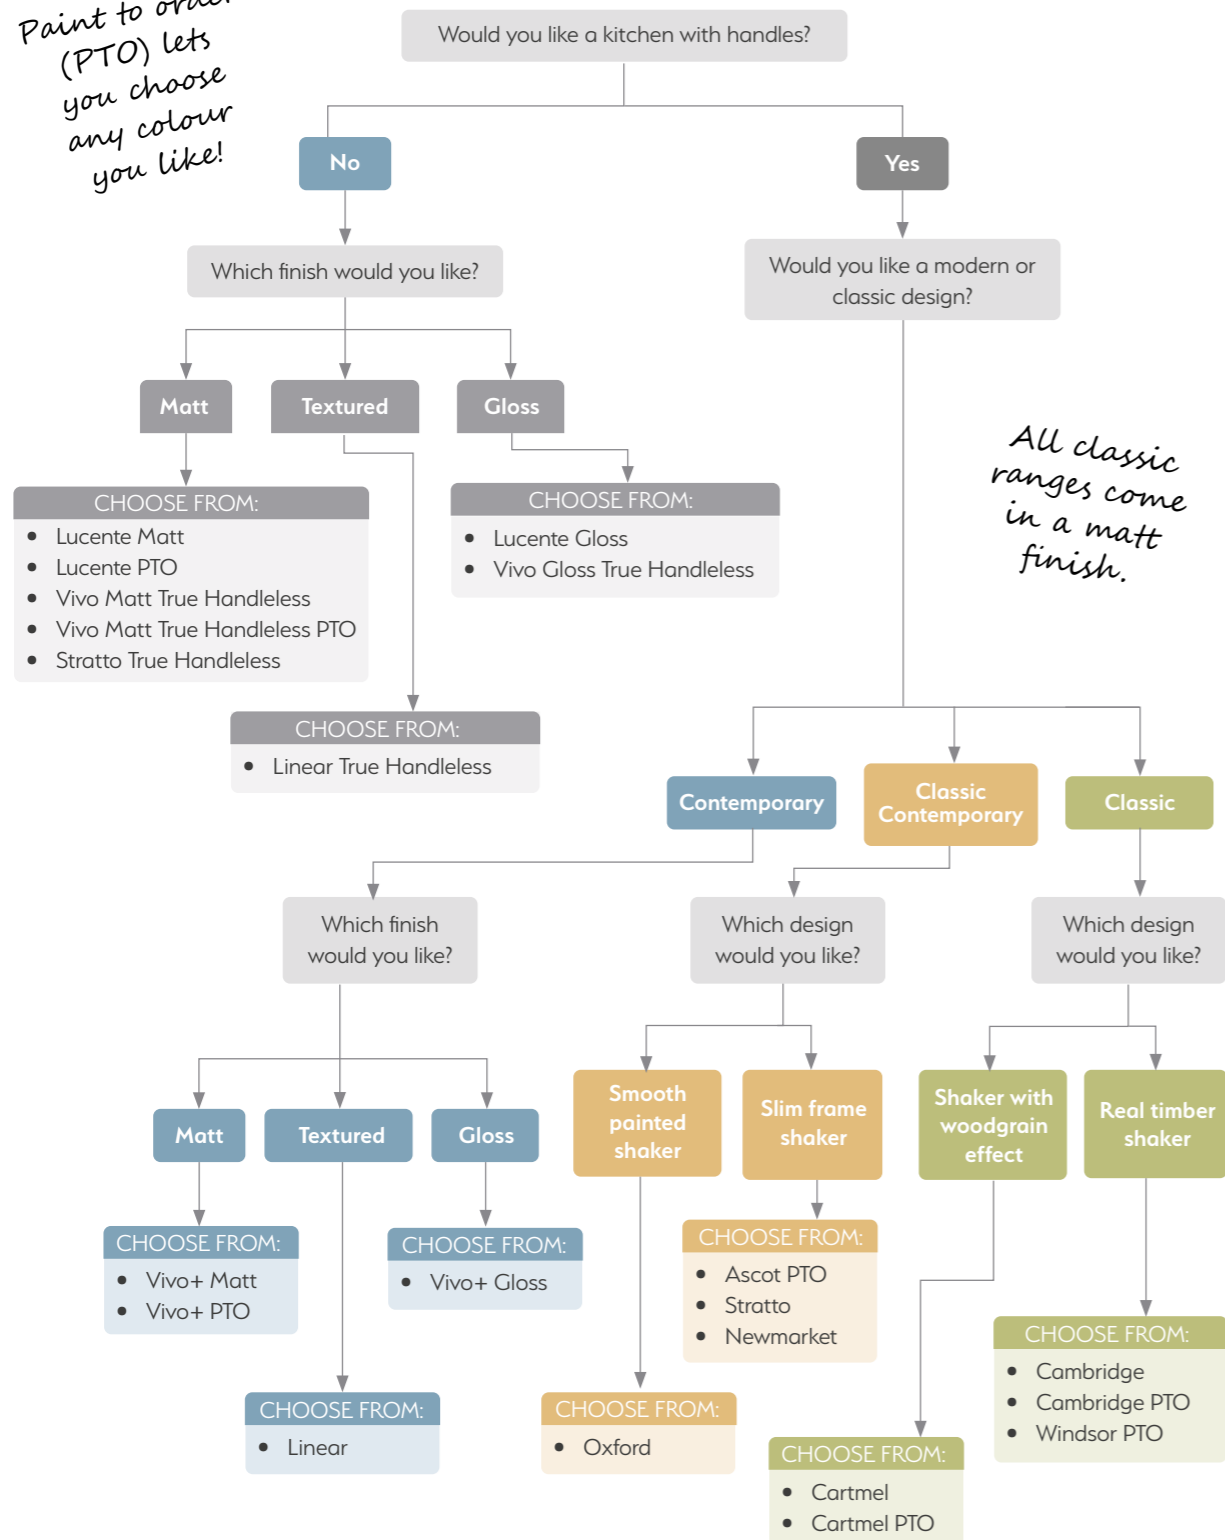

Unlike some other cabinets, our cabinets come with a 100mm cross rail to add further stability.

We have 5 colours to choose from to complement our vast array of doors.

# NEED HELP CHOOSING A DOOR DESIGN?

*Paint to order (PTO) lets you choose any colour you like!*

*All classic ranges come in a matt finish.*

*Choose your style and colour, it's that simple!*

AVAILABLE COLOURS:

# Lucente Gloss Anthracite

For a strong, bold and striking kitchen, Lucente Gloss Anthracite is an obvious candidate. Minimalist lines across larger banks creates a particularly streamlined look.

*Make a design statement with this bold colour choice*

## Lucente Gloss Light Grey

The cutting edge Lucente door in the highly fashionable tone of light grey makes a kitchen to be proud of. Incorporate simple shelving to create a feature area.

## Lucente Gloss Cream

For a minimalist feel with longevity, look no further than Lucente Gloss Cream. Soften your lines with curved units and use your walls to introduce a feature colour.

### MATRIX BOWL & HALF UNDERMOUNT SINK

The Matrix sink uses the very latest technology to create very precise shapes with almost square radiuses.

*A timeless colour choice for added longevity*

Handleless high gloss

## Lucente Gloss Cashmere

Use curves for a natural sweeping flow to the kitchen. Cashmere is a warmer alternative to white and cream and grows in popularity on an annual basis.

## Lucente Gloss White & Dust Grey

Both White and Dust Grey are highly flexible tones, mixing seamlessly together or equally as adept when used individually. Lucente's designer accessories create flowing lines in a minimalist fashion.

*Our Soldan LED strip lighting helps to make a feature of open shelving.*

## Lucente Matt Cashmere

The growing popularity of Cashmere makes a stunning impact in a matt handleless kitchen. Bi-fold wall units add to the contemporary feeling, providing design lead functionality.

## Lucente Matt Anthracite

The darker tone of Anthracite adds definition to the kitchen with a range of curve sizes adding to the contemporary design.

Handleless Matt

## Lucente Matt Indigo

Blues are in and Indigo takes first place. If you are looking for a super modern option that is the height of fashion then Indigo could be the choice for you. Combine Indigo with white worktops and a Matrix undermount sink to complete the contemporary look.

Handleless Matt

# Lucente Matt Dust Grey

Combine the tactile trend of a matt finish with the emerging tone of Dust Grey to create a kitchen very much of the moment. The simplicity of symmetrically designed larders gives an extra added wow factor to this already stunning kitchen.

# Lucente Matt Light Grey

Light Grey is a cool contemporary colour favourite, darker worktops contrast here beautifully for a kitchen with serious impact. Flexible strip lights (pictured left) under cabinets provide ambience and illuminate your worktop for tasks when required.

## Lucente...

Our Lucente door is made from 22mm MDF, vacuum sealed on exposed edges, primed and then given 2 coats of polyurethane paint. We've even got a colour co-ordinated reverse, but while kitchen doors might look the same, the reality is quite different.

### COMMON PROBLEMS WITH TYPICAL J PULL DOORS:

*Peace of mind with Jigsaw*

## Vivo...

Vivo is manufactured from 18mm MDF and finished in the same process as Lucente. Ensure you know exactly what you're buying and how long you want it to last for.

### COMMON PROBLEMS WITH TYPICAL SLAB DOORS:

Vinyl doors are glued and have the propensity to peel when exposed to the regular steam of a kettle or heat of an oven.

Chipboard can be used as a door substrate but can blow and raise when exposed to water. Not a good combination for a kitchen.

Vinyl doors start to bubble before peeling creating an unsightly look that can't be repaired.

Look out for peeling edges that can flap and irritate you. It's common in kitchens and home and office furniture.

# QUALITY CABINETS

A cabinet is the foundation of your kitchen so make sure yours is a solid one that's engineered to last. Don't accept flimsy panels when you have your best crockery in them or bare surfaces that could come into contact with water.

Peace of mind with Jigsaw

- ✓ A solid 18mm back panel on base units means you don't need to worry about damaging the backs from pots and pans
- ✓ 2mm PVC leading edging is extra protection against moisture damage
- ✓ The 18mm thickness assures lasting quality

# CLASSIC KITCHENS

If you're a fan of more classic design and traditional materials then this is the place for you. From painted timbers to traditional oak and grained effects, Jigsaw is the home of traditional kitchen options.
