Making ordinary experiences... extraordinary

For the last 50 years, our vibrant spirit of entrepreneurship and drive to change the status quo has allowed us to become an international brand, known and loved for our customer focus and brilliant service.

What started from Richard's love of music with Virgin Records has transformed into a passion for redefining and elevating human experiences. From Virgin America being awarded best North American airline 9 years in a row to Virgin Hotels winning best hotel in the U.S by Condé Nast Traveler, we've set out to create exceptional businesses built around changing business for good.

We delivered a breath of fresh air(line) with Virgin America, made everyone better off with Virgin Money, and are proving that not even the sky is the limit with Virgin Galactic.

And now with our newest company, we're setting sail the Virgin way.

A yacht- inspired boutique hotel at sea

Inspired by the modern luxury of yachting and the romance of the open ocean, we’ve created our very own boutique hotel at sea — with no kids, no ordinary experiences and no reason to stay home.

Taking cues from the best international cities, we’ve created a getaway at sea with the perfect balance of uptown meets downtown — where paths diverge and choice is an artistic part of the journey. Combining the warmth and luxury of a yacht with the endless options of a much larger ship, we’ve designed an elevated and intimate environment that inspires personal and experiential connection.

Vibrant conversation over homemade pasta and (multiple) bottles of Chianti. Immersive performances with (elaborate) circus twists. A fitness class you’d never dream of taking (and conquering) back home. Champagne delivered right to you and your new friends with the shake of the app (seriously). Our experiences aim to connect you — to people, places, and (seafaring) paths you never thought to wander.

We might be new
to the water, but
Virgin Voyages
is making a
(big) splash.

What's on deck

The very best of the most electric
international cities... sailing the Seven Seas.

Making the sea fairer

We promise simple, transparent pricing and more for your money. No nickel and diming. **No hidden fees. No surprises or sticker shock.** And if you have to pay extra for something, we make sure it comes with extraordinary value.

Trust us, we're splurge-worthy.

In partnering with famed restaurateurs and Michelin-Starred chefs from NYC, we've ditched buffets and pre-set dining times to bring you made-to-order food and leisurely brunches from our 20+ unique eateries — with a bar in every specialty one. All the food is 'On Us' — meaning no exclusive spots you have to pay to get into.

Pairing fresh ingredients and vibrant flavors with ever-evolving ways to experience food, we've elevated and diversified our menus while minimizing waste by only cooking what's been ordered. It's a win for your stomach and a win for the planet.

ALLURING NIGHTCLUB

Let us entertain you

Swapping classic Broadway productions for exhilarating, contemporary and immersive entertainment, you have the opportunity to choose from a festival-like lineup of shows and happenings. Our shows have been developed by the world's most-talked about producers, directors, choreographers and artists... who happen to be members of our Creative Collective.

From Randy Weiner to The 7 Fingers company, our Creative Collective was inspired by shows that push boundaries and explore untold stories — like *Sleep No More* and *Queen of the Night* — creating experiences that transform and inspire you.

THE RED ROOM

Designed by renowned theater design consultants Auerbach Pollock Friedlander, our larger-than-life entertainment space is the first-ever transformational, multi-form theater at sea.

CREATIVE COLLECTIVE

Comprised of Tony-winning producers, directors, choreographers and artists, our Creative Collective is putting on first-to-sea (and land!) shows.

LET A DJ SAVE YOU

With our Voyage Vinyl record shop, sailings that feature up-and-coming acts and On Deck Sailings with celebrity acts, DJs are at the fiber of our artistic being.

SCARLET NIGHT

The night where our lady ship is transformed into a menagerie of delights and euphoric exaltation. Pack red and be ready.

IMMERSIVE EXPERIENCES

Never-before-seen stage productions that break the fourth wall and blur the line between audience and performer.

SERENDIPITY ALL AROUND

Unexpected pop-up performances and zodiac stories under the stars — the ship is drenched in Phantom Folktales at every turn.

FITNESS CLASSES INCLUDED

From barre and bungee to cycling and vinyasa flows — all group fitness classes are free for everyone.

REDEMPTION SPA

From deep-tissue massages and hi-tech facials to a mudroom and hammam with a view — we call it Redemption for a reason.

THE ATHLETIC CLUB

Our outdoor fitness club comes complete with a boxing ring, training zone and unparalleled views of the sun-kissed horizon.

THE JUICERY PROGRAM

We've got pressed juices, smoothies, shakes, tonics and elixirs to help combat any of the more... indulgent decisions you might be making on board.

ROOFTOP SUNRISE YOGA

Every day starts with sundrenched tree poses at The Perch (our outdoor yoga and meditation space) or take savasana with views of the rising sun from inside at B-Complex Gym.

THE RUNWAY

Our signature, Virgin-red running track forms a halo-like vision over the ship — allowing you to sweat, stroll or strut under the sun (or moon, if you so choose).

A dose of vitamin sea

For the 'do nothings,' the 'do somethings' and the 'do everything's,' our approach to well-being is to do whatever works best for you. With free group workouts and outdoor fitness spaces (the first of its kind on the open ocean), we're redefining how to take care of yourself at sea.

At Redemption Spa, our haven of tranquility and self-preservation, you can melt away in the mudroom, detox in the salt room, or float in the wellness pools until you've stopped aging entirely*.

*Okay, we haven't figured out how to stop the aging process. But we're working on it and we're confident we're close. We've gone to space, after all.

Sustainability at sea

We recognize how fortunate we are, and in doing so, we recognize the obligation we have to do better for our Sailors, our Crew, our partners, our communities and the oceans we sail. We're all-hands-on-deck when it comes to supporting and sustaining the environment, to lessen our impact and to make sure the world is here for us all to enjoy for a long time to come.

Our greatest goal is for you to have the best time on board while doing the most to lessen our footprint. So to do that, we've embedded sustainability efforts deeply into both our operations and into the Sailor experience itself. Through pioneering innovative and sustainable technologies, banning unnecessary single-use plastics and thoughtfully sourcing food and retail merchandise — we're creating an experience that balances the duality of enjoying the earth, while also preserving it.

We're Creating An Epic Sea Change for All:

By securing a healthy future for our ocean.
By delivering transformational life experiences.
By building positive entrepreneurial relationships.
By providing a caring and generous place to work.
By developing open and rewarding partnerships.

THOUGHTFUL RETAIL

From hammocks that empower women in Thailand to up-cycled ocean plastic sunglasses, we partner with brands that are making a positive impact for both people and the planet.

POWERFUL STUFF

We're pioneering innovative technologies that transform heat from the ship's engines into clean energy, and purify wastewater so that it's even clean enough to drink.

GREEN-TECH HOUSEKEEPING

Eco-mode sensors in the cabins and suites automatically close window curtains, turn off lighting and lower air conditioning settings when unoccupied, so we don't use unneeded energy.

ULTRA-EFFICIENT

Tinted windows, LED lighting, and room sensors are just a few of the design choices that help our ship to use less energy and minimize our carbon footprint.

PLASTIC AIN'T FANTASTIC

Unnecessary single-use plastics — including straws, water bottles, shopping bags, food packaging, stirrers and takeaway cups — are banned from our ship.

FOOD FOR THOUGHT

From eliminating buffets to serving sustainable seafood and direct trade coffee, we're reducing waste and sourcing responsibly.

Modern, yacht-inspired aesthetic and clever cabin technology make for more than just a space to live (or sleep).

Home while away

Where the magic happens.

Roomy Rainshower

Gorgeous space to rinse off and unwind from the day's (and night's) activities.

Terrace Hammock

Hand-woven by mothers in Thailand, they're as comfy as they are good for the world.

Mood Lighting

Transforming cabin technology that allows the lighting to fit your ever-changing mood.

Red Flower

Shower products and amenities with natural ingredients that promote health and environmental consciousness.
