## ABOUT ME

I have been breeding Golden Retrievers for 27 years, and the Goldendoodle since 2006. I carefully plan my breedings, from generations of my breeding program. I work very hard at socializing my pups.. They are raised in my house, will be vet checked with first shot and health certificate. Crate training and potty training has already been started. They will be used to riding in the car. I am here for the life of my doodles no matter what. Please always keep good communication open about my dogs. **They are my life. ALWAYS REMEMBER I LOVED THEM FIRST!**
