## RESEARCH & DEVELOPMENT

### Small Molecules & Pharmacogenomics

Design, Synthesis, Evaluation, Publication  
& Dispersion

## SOFTWARE

### Small Molecule Evaluation

ML-guided Functional Analog Designing  
Instant evaluation through Computational  
Bio-Assays

## UNIQUE COOKED DATA FOR PUBLICATION

### Unique 2D-QSAR model

ML-guided Functional Analog Designing  
Instant evaluation through Computational  
Bio-Assays

## KNOWLEDGE TRANSFER

Online-LIVE/ Offline sessions for  
Computational/ ML-AI guided Research  
& Developments for human health care

---

*Discovery, Computation,  
Validation, Publication,  
Copyright, Patent, Software,  
Cooked Data, and Knowledge  
Transfer*
