

Operation Gift Box

Our Operation Gift Box project gives everyone a wonderful opportunity for sharing the Gift of Love to domestic youth groups and other global communities on an everyday basis of the year. Each Gift Box is filled with very useful items, which are not only needed but sends a message of joy and renewing hope to each and every recipient.

Filled gift boxes will most certainly bring smiles and warmth to children who would never experience such basic feelings through your humanitarian giving. Many of your donations will be distributed throughout domestic and worldwide community locations such as orphanages, children hospitals, and other areas where these helpless youth are experiencing pain and suffering from poverty, war, and disasters.

THINGS TO REMEMBER...

- ✓ Contents should fit inside the shoe box and remain unsealed or open for processing.
- ✓ Gift boxes which are left at dropped-off locations are suggested to have rubber bands around the top lid and the box base to prevent losing contents.
- ✓ Gift boxes which are sent by mail should be wrapped and sealed in approved USPS (United States Postal Service) protective packing.

We ask you to send or drop off a regular size shoe box, wrapped in decorative blue or green paper for boys and red or pastel color for girls. Please wrap the box top lid separately of the box base. This greatly assists with inspections and customs requirements.

We also encourage cash contributions by check, money order or credit cards. All cash contributions are fully tax deductible and receipts will be mailed to all donors. These contributions enable us to make on-site purchases for other necessities, such as appliances and supplies.

Currently needed items are for operational clothing washers and dryers, stoves, lighting fixtures, clean water, etc. Gift boxes can be mailed by notifying us at:

info@jjjohnsonfoundation.org

“GET BOXES”

We will gladly forward requested number of gift boxes.
