

~ What is “Bio-Sludge” and WHY IS IT SO DANGEROUS? ~

EVERY Metropolitan City Area in the United States

DOES THIS DISEASE SPREADING WASTE DISPOSAL PRACTICE

What in all of “Blue-Blazes” is Bio-Sludge, what in the world could something called this have to do with me, and where’s the fire, for crying out loud?

“Bio-Waste Recycling” is a HORRIFIC agenda being deployed in areas where population ratios per square mile are higher than “conventional” (read:CHEAP) methods of toxin removal are “cost-prohibitive” and, consequently as the result of this mentality of profit above safety, executing this process in those areas, (LARGER CITIES, even MEDIUM CITIES) as a matter of course these days, now being, more or less, “standard accepted procedure.”

The PRODUCT of this “technique” is VERY LITTLE DISCUSSED.....

Here is why.....

“Bio-Waste Recycling” is a fancy sounding, flowery term for a process that FIRST begins by CONCENTRATING all of the COMBINED raw sewage waste from (insert city name) and, essentially, much like Tomato Paste, is thus, “concentrated” and ready for the next phase. Now, that process alone isn’t as technical in description as is in chemistry, but the first step yields a type of material with a similar viscosity. Mind you, this is RAW SEWAGE, NOW CONCENTRATED....

Second step: DEHYDRADATION!

Yes, you saw that correctly, the next step (to REDUCE SHIPPING COST AGAIN) is then, after concentrating the stuff in sewage; you know, stuff like diseases, bacteria, viruses, drugs, toxics of ALL kinds, pesticides and the list goes on ad nauseum.

(Who can forget Erin Brokovich, if SOME of you have never heard of her, look her up!) ALL of us and is most assuredly, one of the REAL “Major-Players” in the cause of all of the “Mysterious Breakthrough” Epidemic now spreading around the entire WORLD!

What is “Bio-Recycling” all about?

This is where entire CITIES, both large and small deliberately accumulate and concentrate ALL the toxins from both HUMAN waste AND corporate released toxins into the sewer systems of their respective municipalities.

No one has ANY IDEA what THIS CHEMICAL REACTION with potential farm chemicals could be!

In addition to CANCER causing viruses, such as SB-40, EVERY OTHER VIRUS accumulated and concentrated from ENTIRE CITIES are likewise present!

As this sludge is dispersed, a significant portion of it is consumed by birds alone. These birds are now operating as WEAPONIZED VECTORS! They then fly around, as that is what birds DO; They soaring over dozens of miles, including over the cities near their natural environment. As they do this, naturally ANOTHER thing birds do in the mundane day-to-day activities of their life!

They POOP!

The "food" or product these birds are eating are either in a flaked, or powdered form of the primary finished vile result and then this concentrated extraction eerily congeals into an incredibly thick material, somewhere between tar and thick molasses.

This material is known as "Bio-Sludge" and then this supercharged BIO-ENGINEERED toxic sludge is then PURPOSEFULLY transported OUT of those respective municipalities and then DELIBERATELY dispersed or buried in all of the surrounding countryside and rural areas outside of those cities.

Yes, the very areas where TWO things converge simultaneously. The area where both wildlife still have major foothold AND the exact same locations where our FOOD is grown!

There are DOZENS, if not HUNDREDS of catastrophic horrors being unleashed from this agenda.

THIS research will ONLY address the VERY REAL POTENTIAL FOR EXPOSURE TO THE EPIDEMIC.

Look anywhere in cities and bird excrement is easily found. Much of it now is virulent! As this material loses the natural water content, it crumbles into microscopic dust on the surface of the offending mass. This dust is then picked up by WIND...

The now AIRBORNE BIO-WEAPON has been successfully DEPLOYED!

Yes.....

This is an organized and systemic attack. "Bio-Tech" is now doing what any "Bio-TERRORIST" could never conceivably be capable of!

This "Pandemic" issue is just ONE SINGLE PROBLEM, a literal SMORGASBORD is
One might ask...

Who is RESPONSIBLE FOR THIS?

Whose do we need to be delivered to the bar of JUSTICE BECAUSE of this?

In the United States.. It was Bill Clinton, (see othe research projects) who, much like
Nancy Pelosi told us we had to "Pass the bill, in order to see what's in it."
and, in like fashion, though not quite as brazen, had this legislation summarily

PUSHED THROUGH CONGRESS AND RAMMED DOWN OUR THROATS!

Not an accident...
