GoToConnect + GoToMeeting.

## Unified Pricing and Billing

One price for everything. Get more from every meeting, call, and message with GoToConnect + GoToMeeting and all on a single bill. The industry's only all-inclusive solution, with no hidden fees, add-ons, or upsells. No, really.

## Unified Workflow

Automatically authenticate GoToConnect and GoToMeeting users with single sign-on. Use the GoToMeeting widget in GoToConnect to quickly and easily go from a phone call to a meeting. Manage both applications in the My Accounts page, viewing invoices or making changes to your subscriptions on the fly.

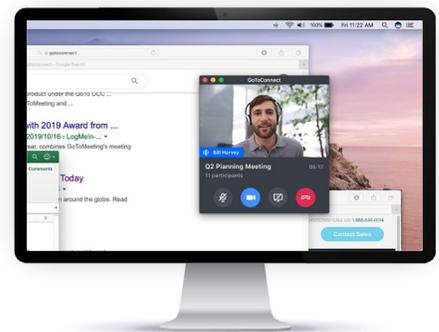

## Unified Experience

With Connect Bundle available for every user, change the culture of your communications and give everyone the power to be seen – and heard.
