## ALUMA BRIGHT PLUS

### DESCRIPTION:

A premium aluminum brightener acid wash used as a step #1 in a two-step wash for tractor trailers. ALUMA BRIGHT PLUS is a combination of three acids and wetting agents designed to clean and brighten aluminum. It is for use on trailers, tank trucks and other aluminum surfaces where fast cleaning and super brightening power are essential. ALUMA BRIGHT PLUS is balanced to quickly cut through road film and diesel exhaust smoke.

### DIRECTIONS:

**FOR GENERAL CLEANING OF WHEELS, TRAILERS AND ASSORTED ALUMINUM SURFACES:** Rinse the surface with water to remove loose soils. Pre-mix 6 - 8 ounces of ALUMA BRITE PLUS per gallon of water in a pump up sprayer or bucket. Apply to surface, let dwell for 30 to 60 seconds, rinse with plenty of water. Agitate heavily soiled areas if necessary.

**PRESSURE WASHER PREPARATION:** **DO NOT** run ALUMA BRIGHT PLUS through a pressure washer pump, use an in-line or down-line injector. Pre-mix 1 gallon ALUMA BRIGHT PLUS with 5 gallons of water to achieve a final dilution of approximately 100:1. If needed, add more ALUMA BRIGHT PLUS for extra strength on heavier soils.

**ACID WASH APPLICATION:** Pre-rinse the surface to remove loose soils with water. Then using low pressure spray acid solution from the bottom up, working side to side, allowing a short dwell time of 30 to 60 seconds. **DO NOT** allow the acid to dry on the surface. Follow this step immediately with an alkaline neutralizer like BRUSHLESS VEHICLE WASH. Then follow with a thorough fresh water rinse. **DO NOT** allow the acid to contact glass, anodized aluminum or magnesium surfaces as it *can cause etching*.

**NOT TO BE USED ON POLISHED ALUMINUM.**

### TECHNICAL DATA:

pH CONCENTRATE..... < 1.0  
VISCOSITY..... THIN LIQUID  
COLOR..... CLEAR  
ODOR..... SHARP ACIDIC ODOR  
FOAM PROPERTIES..... MINIMAL  
SOLUBILITY IN WATER..... COMPLETE  
SURFACTANTS..... BIODEGRADABLE

**FOR FURTHER INFORMATION REFER TO THE MATERIAL SAFETY DATA SHEET**

### PACKAGING:

Available in 250 gallon totes, 55 gallon drums, 5 gallon pails and 4 gallon cases.

**PRODUCT CODE:**.....ABP01
