

Product Bulletin

HEAVY DUTY STEAM SOAP

DESCRIPTION: BIODEGRADABLE / PHOSPHATE FREE

AN UNSURPASSED HEAVY DUTY COMPOUND DESIGNED PRIMARILY FOR HIGH PRESSURE WASHERS AND STEAM CLEANERS. IT IS AN EXTREMELY EFFECTIVE BLEND OF EMULSIFIERS, WETTING AGENTS, AND CORROSION INHIBITORS WHICH EFFECTIVELY REMOVES HEAVILY ENCRUSTED GREASE, OILS AND SOIL. IT IS A CONCENTRATED, HIGHLY ALKALINE LIQUID FOR TOUGH JOBS WHERE A HEAVY DUTY PRODUCT IS REQUIRED. OVEN CLEANER STRENGTH! EXCELLENT FOR BOTH LAND AND MARINE APPLICATIONS!

DIRECTIONS:

HIGH PRESSURE WASHER OR STEAM CLEANER

MACHINE TOOL AND SHOP: Use 2-8 ounces per 5 gallons of water.

TRANSPORTATION / INDUSTRIAL: Use 8-16 ounces per 5 gallons of water.

HEAVY EQUIPMENT / MACHINERY: Use 16-32 ounces per 5 gallons of water.

Control with metering valve on cleaning unit. Avoid violent splattering when adding to solution, as it contains a caustic material. **See Label for MARINE Applications!**

TECHNICAL DATA:

pH CONCENTRATE.....	> 13
VISCOSITY.....	THIN, CLEAR, NON-VISCOUS LIQUID
COLOR.....	YELLOW / GREEN
FOAM PROPERTIES.....	MODERATE
PERCENT SOLIDS.....	28%
DENSITY (LBS/GAL).....	N/A
SPECIFIC GRAVITY.....	1.1
RINSING.....	FREE-RINSING
SOLVENT.....	N/A
SURFACTANTS.....	N/A
BIODEGRADABILITY.....	100%

FOR FURTHER INFORMATION REFER TO THE MATERIAL SAFETY DATA SHEET
