KC ORANGE DEGREASER

Citrus Cleaner / Degreaser

DESCRIPTION:

A safe water-based, biodegradable, concentrated cleaner / degreaser, used manually, with a pressure washer, using either hot or cold water. KC ORANGE's non-flammable formulation is safe to use on any surface that will accept a water-based cleaner. It effectively emulsifies greases and oils in industrial and institutional applications and controls malodors using. This is the natural replacement for butyl based cleaners without phosphates as well. Safe to use around food areas. Excellent for cleaning water and soy-based inks from printers, rollers, dies and machinery.

DIRECTIONS:

Mix K C ORANGE 1 - 1 to 1 - 100 with water depending on surface being cleaned, soil load, contact time, temperature, method of application, and cleaning equipment being used.
