PrimeZyme

A Drain Opener & Maintainer, A Grease Trap Maintainer, An Odor Control Agent

- Totally formulated product, just add water.
- A formulated enzyme system.
- Rapid waste digestion.
- Highly effective grease-cutting surfactant.
- Aerobic and anaerobic growth capabilities.
- Guaranteed high bacteria counts.
- Environmentally safe, non-pathogenic.
- Extended shelf life.
- Stringent quality control measures include laboratory certification.
- Highly active - Economically priced biological product.

PRIMEZYME is a revolutionary product that combines bacterial spores, a specially selected enzyme system, and a unique grease-cutting surfactant all in a highly active and economical product.

The powerful stabilized enzymes and bacteria in **PRIMEZYME** break down large complex organic compounds quickly and effectively.

As a powerful bacterial spore and fortified enzyme suspension, **PRIMEZYME** is the perfect solution for drain clogs, grease trap maintenance, and controlling the toughest industrial odor problems - any application requiring rapid decomposition.

Additionally recommended for use in carpet machines for controlling smoke, food and pet odors.

PRIMEZYME has an exceptional shelf life and unmatched cell viability.

TYPICAL PROPERTIES

Type.....Multiple Bacillus
Form.....99+% Spores
Salmonella.....Negative
Appearance.....White Opaque Liquid
Fragrance.....Spring Mint
pH.....5.5 - 6.5
Flash Point.....N/A
Specific Gravity.....1.0 - 1.1
Shelf Life.....One Year at 21C (70F)
Enzyme Activity.....Minimum 2,250 AV/g

STORAGE AND HANDLING

Storage.....Room Temperature--DO NOT FREEZE

PACKAGING: 1, 5, 15, 30, 55 Gallon Containers
