Leadership

Arizona Mission Training

November 2026

"Engaging our Youth in Patriotism for our Veterans"

Blessings to all for the coming Holidays! We have so much to be thankful for and I am reminded of that each and every day. Our National Leadership Team zoom meeting had many good ideas this past week. A reminder that everyone can get the timely bulletins and messages from them. They have a link on Facebook so please join. www.facebook.com/groups/ALALeadership. Some of their ideas: Choose to stand beside someone instead of in front of them, sometimes asking "what do you think? what do you need? or what might the need from me.
Leadership is personal.

National and Department continue to encourage everyone to take the Academy courses and sign up for the Webinars. Remember the Department of Arizona will continue to have this award for the member/unit who takes the most courses in the Auxiliary year. See the department website for this award and additional awards for this program. aladeptaz.org.

Our National President Coral May Grout's special project focus is EDUCATION. Also:

- Program knowledge: ALA Academy/Zoom Sessions
- Mentorship & positive examples "**Share what you know – be a MENTOR**"
- Unit Business Management

This committee commends all of you have stepped forward to hold an Arizona Mission Training. The calendar is filling up; we are scheduling for February. Please follow the rule of 10 when you are planning a training (see previous bulletins). Until next month, text if I do not answer your call.

Karen Smith, Chairman 520-249-1119 ksmith111@cox.net
