

June 19, 2026

Happy Friday Leadership Team,

As you know, ALAMIS will be out of service beginning next week—and of course, Convention is just around the corner!!!

So here is my year-end recap:

- The Department of AZ is currently at 16,856 members! That is a lot of power to work our mission!
- 6 of 10 Districts made the tough goals set at the start of the year (District 12 joined in this week)!! The 4 Districts that did not make goal are so close to making goal that the total shortfall is less than 1% of our total membership (district 3, for example, is only 3 members from making 100%). I call that success for all!
- This past week, 2 more Units reached 100%: Clifton Unit 28 and Phoenix Unit 41. Way to keep working membership!
- At the Unit level, about half the Units made goal. Many of those did not make goal, are Units that are struggling just to retain members—for a variety of reasons-- many outside of their control. Luckily, those that did make goal covered those losses. Together we bring each other up!

Thank you for a great year. You all did a great job for our organization and our mission.

I'm looking forward to see seeing you all at Convention!

Marge
