To Whom it May Concern,

Having used AMP lighting for numerous retrofit projects with clients of ours in many different locations around the country, I can make the highest recommendation of Andrew Printz and his staff for reliability, honesty, integrity and first-class work.

We have received only positive comments from our clients about the performance of the AMP staff on projects large and small.

Respectfully,

A handwritten signature in blue ink, appearing to read "Tom Kieffer". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Tom Kieffer, CLEP, IES

Senior Lighting Consultant, Service Lighting Inc. dba lightbulbs.com
