To Whom It May Concern:

I have worked with AMP Lighting on several lighting projects.

We hired them to retrofit 3 warehouses, replacing metal halide fixtures with 3,400 new LED fixtures.

We also had them re-lamp two office buildings totaling 35,000 T8 lamps.

Uline has very high standards and expects the same from any contractor we hire. AMP Lighting has lived up to our expectations.

- Very professional
- Excellent communication
- Great problem solving if issues arise.
- Flexible schedule...work whatever hours needed to meet the deadline.
- Modern and clean equipment.
- Turnkey capabilities

I would not hesitate to hire AMP Lighting for our next lighting project.

Regards,

Tony Schwartz
Sr. Corporate MEP Manager
