ABOUT US

The Eliminate Poverty Campaign has been organized to increase awareness of the project initiatives outlined in the Safeguarding Financial Security for All Americans Legislative Bill, and the President and Founder of the campaign is Jessica Esver. The campaign's goals are to complete lobbying activities, to gain support from community members and career professionals to receive appropriations, and then implement direct-services of the project initiatives outlined in the Safeguarding Financial Security for All Americans Legislative Bill to eliminate poverty. In addition, fundraise money for Communities Uniting to Eliminate Poverty Organization (CUEPO) to be reinstated and, on a regular basis, maintain a national nonprofit organization active status. CUEPO will increase the types of funding the Eliminate Poverty Campaign can seek, to further progress in providing direct-services of our project initiatives structured to eliminate poverty.

The Founder & President of the Eliminate Poverty Campaign, Jessica Esver will be presenting information about the Safeguarding Financial Security for All Americans Legislative Bill throughout June and July for individuals to attend as a community member or career professional to ask questions and also provide letters of support. Please also visit our website for more information about the Eliminate Poverty Campaign: <https://site-nmdqay6c6.godaddysites.com/>.

CUEPO also promotes and supports the Love and Kindness project. They have wonderful activities to promote and sustain displaying acts of kindness among one another.
