

New!  
 From the really neat people who brought you  
 Textus Berneticus,<sup>®</sup>  
 Introducing...

# Biblia Hebraica Bernetica™

Yes, the long awaited companion edition is here!  
 Just take a look at some of these fine features:

1. BHS symbols are preserved for that authentic "Masoretic mystique," but put to different uses. For instance, ¸ is interpreted as a comma, ¸ as a period, and ¸ as joining two Hebrew consonants into one sound (i.e., ¸ is then read as the "th" of "earth" in line two).
2. The daghes is also retained due to the lesser number of total consonants and phonetically aligned consonants in the Hebrew, indicating a hard pronunciation. Thus, in the above sample, its presence prevents "beginning" from being mispronounced as "veginning," and its absence prevents "heavens" from being mispronounced as "heabens."
3. The ׀ and ׀ are retained as "the" and "and," giving the entire text that vibrant, official Hebrew appearance that, well, looks pretty darn good. (*And that's all the Hebrew you'll need to know!*)

**Don't sweat the small stuff!**  
**Your mastery of the Old Testament is only a jot and a tiddle away!**  
**To order, we're still at:**

St. Catherine's Pub and Monastery  
 P.O. Box 2  
 Big Mountain, Palestine
