Our Summer Show – Saturday 19th August 2023 – 12.30pm

Welcome to the 2023 Summer Show Schedule. Please note the new date!

For those who don't know, this is the document that sets out the classes you can enter in the Summer Show here in Framfield, Blackboys and Palehouse Common in the summer. The Summer Show is the biggest event in the Parish every year and provides an afternoon of family entertainment on the Recreation Ground and the Memorial Hall in Framfield from 12.30pm. You should keep this schedule if you are thinking of joining in the fun of competing against your fellow parishioners regardless of age. The schedule can also be downloaded from www.framfieldandblackboys-hort-soc.com.

Firstly, the date of the Summer Show has changed from the usual date to the third Saturday, the 19th August. This was a change brought about by events planned in Uckfield in August. We hope the extra week will give more of you the opportunity to grow and prepare entries. I would like to make it clear that children can enter any class at all in the show, not just the ones reserved for children. They therefore can WIN BIG! Again, we will be unable to accept entries after the published deadline of Wednesday 16th August. This means no entries on the day of the show itself!

The centrepiece will remain the marquee with the vegetable, flower and plant exhibits and the Memorial Hall where you find the handicrafts and cookery exhibits. In front of the marquee is the arena where musical entertainment from Skulldrumery, various demonstrations, as well as races and the now well established egg-throwing contest will take place. Timings of the arena events will be posted around the showground on the day and in advance on our website and Facebook page. Around the showground will be plenty of stalls, food, drinks, cakes and entertainments. Everything you need to keep a family entertained for an afternoon including our ever-popular Dog Show for all breeds and types of dog.

None of this takes place without the Summer Show Committee who meet regularly to ensure we have a successful show. To those dedicated few I have to express my thanks in advance of this year's Summer Show. Also doing their bit are the wonderful volunteers who staff stalls, gates and generally help us do all the things that need doing. We would love you to join the camaraderie of getting the show together on the day before (Friday 18th August). Please contact Lin on linlucas203@btinternet.com or by telephone on **07776291446** if you would like to help in any capacity and share the load. Thank you in advance if you decide to 'put your hand up' and join us in helping make the Summer Show 2023 a success.

People are often a little anxious about actually entering the show. To be honest, that very first time, so was I! But the helpful hands and guidance from those running the show made for an easy transition from 'never before' to 'novice entrant'. This schedule contains a range of advice but you can always contact me if you want to know anything more. Our standards are **NOT** like you see in the Chelsea Flower Show. So don't be frightened, have a go, whether it be in vegetables, flowers or creative. You never know, you might see your name on the Winner's Board later in the afternoon of the show!

The profits from the show are split between a Community Fund (see a few pages on) and the Framfield and Blackboys Horticultural Society (who underwrite the costs of the Summer Show).

Summary Comments for 2023

- The date of the show has changed to Saturday 19th August 2023 from its usual slot in the month.
- As the Summer Show Committee moves towards a more sustainable show, we are trying to reduce and remove unnecessary plastic. This includes **floral foam**. Flower exhibits should now **NOT** include floral foam (e.g. Oasis).
- Late entries are no longer accepted after the deadline of Wednesday 16th August 2023.
- There are a couple of new classes in Sections 1 and 3.
- There are the usual annual changes to the class titles in Sections 4, 5, 6, 7 and 8 where required.

**So ensure you keep Saturday 19th August clear in your diary
You won't want to miss it!**

Terry Everitt (Chair, Summer Show Team)

HELPING at the SHOW

We are looking for volunteers to help out at the show. Anything from helping on the morning of the show, joining the team serving tea and cakes to staffing a stall. Whether you can offer an hour or longer, it all goes to making our show a success.

Would you be willing to help?

Please contact Lin for more information:

The Summer Show & The Community Fund

By coming to the Summer Show and/or entering one or more of the classes, you are not only supporting the Horticultural Society and the Summer Show but also helping the local community as well. Each year one-third of any profits from the Show forms "The Community Fund", which aims to support projects that benefit the communities in the villages of Blackboys, Framfield and Palehouse Common.

With money from the 2019 Show (the previous show to 2022) we were able to award funds to the two local projects that had completed and sent in applications.

Details for the application for the 2023 Community Funding are in process as this schedule is published and more details will be available in the near future.

We hope that the 2023 Summer Show will be another huge success and will generate more money for the community and we hope you can show your support to ensure that it will.

We look forward to seeing you there!

Denise Taylor, Chair of the Framfield & Blackboys Horticultural Society

Making a Floral Exhibit – Guidance

Daunting as it may seem – and when you see those finished floral arrangements, even more daunting! – with a few tips and tricks everyone can have a go!

So we asked Framfield and Blackboys Horticultural Society Committee member and experienced flower arranger Margaret for some guidance about staging an exhibit.

Firstly, Margaret said don't be too ambitious

- Floral exhibits take time to produce on the day. One or two arrangements is a good first time entry.
- Give yourself plenty of time. This is more important if you are staging other exhibits in the show such as vegetables or handicrafts.
- An exhibit is composed of natural plant material (gathered or bought) that may be with or without non-plant accessories contained within a specified area.
- Ensure your arrangement is completed by 9.45am.

Things to be aware of when staging an exhibit

If you are not according to the schedule you might lose out with all your efforts by being exactly that! “Not According to Schedule”.

- Read the schedule document. Take note of sizes and requirements.
- Do not be wider than stated in any way.
- Do not include non-plant items that are not permitted. You can always ask!
- Ensure every single living plant has access to water while in the arrangement via cut stems or its roots.
- We have stipulated that floral foam is no longer allowed in the Framfield & Blackboys Summer Show when staging an exhibit. There is further advice on this aspect on the page titled “Putting The Green Into Our Summer Show”.
- Avoid artificial plant material unless specifically allowed.

Good Practice and Etiquette

Having read the schedule and had your ideas, you have your plants and staging materials ready...

- Plan your exhibit and pre-make any staging you can.
- Arrive in good time and select an area on the tables outside the marquee to prepare on.
- Take care not to hamper others using the tables to prepare their exhibits.
- Ensure there is sufficient water (available from the big bins by the door) to keep your plant material in good condition.
- Check, and check again that you are not wider than the space allowed in this schedule.
- Place your card proudly down with your details NOT visible.
- Tidy up your work area.
- Enjoy chatting to others!

We hope you might have a go at one or two of the classes on the 19th August. See you there!

SECTION 3 – NOVICE VEGETABLE, FRUIT, FLOWER & PLANTS

All classes eligible for Junior Award Of Merit (up to and including 16 years).

The Novice Section is for those with less experience and the classes are deliberately set to be easier.

The judging is also more forgiving!

A novice is an exhibitor who has not won more than three first prizes in Section 3 in Past Shows. A novice may also enter any other classes in Section 1, 2, 4 & 5.

Exhibitors can seek help from the Stewards when staging exhibits.

Any queries prior to the show please call Terry Everitt on 01825 891392.

PULL OUT ENTRY FORM

How To Enter for Exhibition

“We would encourage you to have a go” has to be the guiding principle of our entire 124 classes of entry. In some classes that is enough to actually win! The other way of looking at it is that the entry standard may not be as high as you think! Worth a go surely!

Section One of the 8 broad types of exhibits.

Class One of the sub-sections within a section with a specification or number required.

Novice Anyone who has not won more than THREE first prizes anywhere in the UK. We cannot check this; you just have to be honest! A Novice can enter any Class where their age permits them. The standard is set to be easier to reach in Novice Classes.

Children There are 124 children’s classes! But some classes are children only. In other words, a child can enter any class in the show for free! There is a specific children’s section. Other children’s classes are throughout the schedule in Sections 2, 4, 5, 7 & 8. Age ranges define who can enter a particular children’s class.

Entry Cards Collected from the door of the marquee on the Recreation Ground and to be put with your exhibit, **name side down**. Use one of our RED DOTS to get your exhibit back.

Collections Groups of exhibits in the vegetable section. These usually attract a higher cash prize. There are five in Section 1 (Classes 1, 2, 3, 31 & 32) and a Novice Plate of Produce (Class 61) that we encourage you to enter. The Novice Plate of Produce is relatively new and will likely not have many entries, so you have a good chance of winning!

Put simply the guidance is as follows.

- **YOU OR YOUR IMMEDIATE FAMILY must have grown the produce or made the item entered yourself.** Anything else is just unfair, a shame and a fraudulent entry. However, in the flower arranging classes you can buy the blooms to use to create your display.
- Read the schedule for the number of items needed and other notes about the class.
- You can only make **ONE** entry per class. There are **124** to choose from, surely that’s enough!
- Presentation and staging are crucial. Make it look good! However, don’t let this put you off from entering, as the standard is often quite variable.
- Vegetables should be washed and cleaned carefully with a damp sponge or soft cloth and then trimmed (and tied if asked to be).
- Flowers should be insect free and as perfect as possible. Not all buds have to be open on a multi-bloom stem.
- Appearance, freshness and being the same sizes are the judging criteria for fruit, vegetables and flowers **BUT** do not worry about it too much, it isn’t Chelsea!
- If in doubt, contact Terry Everitt prior to the show on 01825 891392 or on terry.everitt@outlook.com or ask our friendly stewards by the door on the actual day of the Summer Show who will answer your query or point you towards someone who can help.

Further more specific advice can be found elsewhere in the schedule.

The Framfield & Blackboys Horticultural Society do sometimes run Talks and Workshops during the year about exhibiting vegetables, fruit and flowers as well as flower arranging.

So why not join the Framfield and Blackboys Horticultural Society. All talks are free to members and we also run trips to gardens (some guided) and workshops, often at discounted rates for members.

Framfield & Blackboys Summer Show

Saturday 19th August 2023 at 12.30pm
To be held at FRAMFIELD RECREATION GROUND and MEMORIAL HALL

Guidance & Specific Notes for Exhibitors

PLEASE NOTE: You or your immediate family MUST have grown or created the exhibit yourself. Anything else is just unfair, a shame and a fraudulent entry. This **does not** apply to flower arranging classes where you can buy the blooms to display.

TIMINGS

- Sections 1–4 exhibits in the marquee 6.00am.
- Exhibits in the Memorial Hall from 8.00am. Sections 5 to 8.
- There are **NO LATE ENTRIES** on the day of the show.
- All exhibits must be in place **before** 9.45am to enable efficient judging.

AM I A NOVICE or NOT?

- A Novice has won **not** more than 3 First Prizes in any one show anywhere in the UK.
- A novice can enter **ANY** class in any Section (subject to age on children's classes) as well as anything indicated as a Novice Entry.

STAGING & ENTERING

- Exhibits should be displayed for maximum visual effect.
- Certain exhibits must be displayed within their specified area.
- Only **ONE** exhibit may be entered by each exhibitor in each of the 124 classes.
- Exhibits are judged on freshness & uniformity (colour & size). Match items as near as possible.
- When washing vegetables use a soft sponge or cloth to prevent damaging skins.

VEGETABLES

- Carrots, beetroot & parsnip to have foliage trimmed back to 7.5cm with tapering roots intact.
- Onions & shallots are best exhibited with roots trimmed & tops neatly tied/whipped. Rub off outer damaged skin only and dry to a brown colour. Exhibit in sand (supplied if needed) on the plate.
- Peas & beans must be displayed with some stalk and be full pods.
- Runner beans should be as straight as possible plus with a uniformity of length & tenderness.
- Cucumbers, courgettes & squashes may be displayed with or without flowers.
- Lettuce is best exhibited clean with the roots washed and wrapped in cling film.
- Tomatoes are exhibited with fresh stalk attached & fruits should be red and unblemished.
- For the purposes of judging it may be required to break open an item within an entry.

FLOWERS

- Flowers should be fresh, as free as possible from insect attack and good quality.
- Pot plants should be displayed in clean pots with dead leaves removed.
- Vases will be supplied by the society.

FRUIT

- Fruit should be exhibited with the stalks and eyes attached.
- Judges may handle exhibits, open pods etc. to check the quality.

FLORAL ARRANGEMENTS

- Classes will be judged by NAFAS Competitions Manual 3rd Edition 2015.
- We are discouraging the use of floral foam. (See a few pages further on in this schedule.)
- Containers needed for the exhibit to be supplied by the entrant.
- Staging will be provided by the Show Organisers.
- An exhibit is composed of natural plant material, with or without accessories, in the space set.
- Backgrounds, bases, containers, drapes, exhibit titles and mechanics may always be included in an exhibit, unless otherwise stated. In all exhibits natural plant material must predominate.
- All classes will be staged on open tabling. Tables will be covered in Hessian.

You can enter more such as 2 adults and 4 children and the best 1 + 2 combination will be selected for the trophy.

Putting The Green Into Our Summer Show

Over the last couple of years, the Summer Show Committee have been making steps towards reducing the environmental impact of the Summer Show.

This has taken place in a number of ways. Some aspects of the show have always been environmentally sustainable in that we consistently reuse as much material that is used to put on the Summer Show from year to year. However, since 2019 we have made a deliberate decision to increase our efforts.

At the Summer Show, the organising Committee now use...

- No plastic containers
- Sustainable cutlery
- Increasing use of compostable materials in the refreshment tent
- Recycled and recyclable materials

We are working to spread this message among our stallholders and caterers.

Floral Foam

One area we would like to move forwards with is the elimination of non-biodegradable and non-recyclable floral foam. This is in line with NAFAS and the RHS.

We therefore no longer allow exhibits to use floral foam.

So what can you do instead? (Do more than one of these in combination if needed.)

Pin holders	These are reusable plates with closely spaced pins to hold flower stems in place.
Chicken wire	A cage or ball inside a container that stems are inserted into, but be careful not to cut yourself!
Find an old flower frog	These are glass inserts for vases with holes in
Pebbles, sand, gravel & marbles	Used in a container to about a $\frac{1}{3}$ depth that you can then push your stems into.
Shredded wood	Sometimes called <i>wood aspen</i> or <i>excelsior</i> , this is a compostable material that is a tangle of fibres.
Pliable twigs	Twigs such as curly willow pushed inside a vase as a support for stems.

We hope you will support us in our intention to decrease our environmental footprint.

Maybe even leave the car at home if you can and wander up to the Summer Show.

See you on Saturday 19th August.

Advice on Growing and Preparing for the Show

The Summer Show is on the 19th of August in 2023.

If you wish to exhibit vegetables and fruit in the show then you can just plant when you have the time and see what there is ready near the time.

However, with a little forethought you can have more choices ready.

Planting Calendar:

Crop	When to plant	Time to grow	Comment
Tomato	March	Over 15 weeks	Use a propagator to start
Potato	April	Up to 20 weeks	Leave unplanted exposed to light from Feb
Onion	March for sets	Over 12 weeks	Takes 3 weeks to dry skins
Beetroot	March onward	7 to 12 weeks	
Radish	From March	4 to 6 weeks	
Peas	May	10 weeks	
Courgettes	April	8 to 12 weeks	Protect from frost
Cucumber	From February	Over 10 weeks	Use a propagator to start
Sweetcorn	Late April	15 weeks	
Runner Beans	From April	14 to 16 weeks	
French Beans	From April	10 to 12 weeks	
Carrots	March	Over 18 weeks	
Chilli Peppers	February	Over 17 weeks	Use a propagator or indoors
Lettuces	April	10 weeks	

This is of course affected by...

- Weather (especially frost) but also heat and lack of rain
- Water levels (dry conditions hold back crops massively!)
- Sunlight is better than shade for vegetable growing
- Soil fertility
- Variety of seed chosen
- How close together and weed level

Seeds come in quite large numbers in packets. However, you do have to be quite mercenary in thinning out to give the plant spacing needed for full size growth. Use the packet instructions for guidance.

There are of course endless other tips on growing successfully but you have to just give it a try at the start!

When it comes to exhibiting, it isn't really that difficult. Just make everything clean and look the same size in the numbers stated in our schedule.

Good luck! Terry Everitt

We Work Very Hard to Bring You A Summer Show!

We would like to work a little less hard!

So we are looking to expand the number of helpers at the Summer Show.

We would be delighted if you could return the following page.

Opportunities to help out:

- I/We would be available to help set the show up at 9am Friday 18th August.
- I/We would be available to help set the show up at 9am Saturday 19th August.
- I/We would be available to help staff a stall frompm topm on the 19th August. I prefer to be **seated** / I do not mind **standing** *(please delete as appropriate)*.
- I would be happy to assist the people who help in the marquee / memorial hall who ensure that things run smoothly during judging.
- I am available to help clear the show away at 3.45 pm Saturday 19th August.
- I would like to join the Show Committee. We meet once a month.

Name: **Contact details:**

Please return to Lin, 2 Salem Cottage, The Street, Framfield or email a scan to linlucas203@btinternet.com or by telephone on 0777 6291446.

We always need extra hands to “make light work”.

It doesn't have to be for long.

You might like a light role or are willing to do some lifting and carrying.

You could help us out by...

- Give an hour on set-up day or more if you can. (This is Friday the 18th August.)
- Give an hour or more in the morning of the Summer Show (Saturday 19th August) itself to assist with setting up.
- Give an hour or more if you can spare it, to staff one of the show stalls or areas (some of these can be seated roles).
- Assist with the admin and running of the Dog Show part of the Summer show.
- Give an hour on the entry gate or assisting with the parking.
- Give an hour helping pack the show away from 3.30pm. (We always are in need of people here as this is the difficult one to find people to help with!)

SCARECROW FESTIVAL

Scarecrows Are Back Again!

This year we are looking forward to seeing scarecrows around the arena!

Worzel Gummidge came back on the TV and those pesky birds need scaring away (or somewhere to sit!)

So clear out the jumble, stuff it full of materials, give it a name and enter in Framfield and Blackboys own Scarecrow Festival.

Free entry.

Just bring to the Arena on Framfield Recreation Ground on Summer Show Day.

You can of course display the scarecrow outside your home before the show so we start to see who's making an appearance in 2023!

- Prizes for**
- **Children under 16 (age to be stated) – £25 prize**
 - **Family Scarecrow – £50 prize**

Judging at the Summer Show on the 19th August.

Bring to the arena at 10am. Free entry.

Attach contact details to Scarecrow.

Scarecrows are best mounted on a pole.

Scarecrow minimum height 1m
