Is this the total amount required and, if not, what is full cost and how will balance be funded?	
How will any resultant maintenance or recurrent costs be met?	
Who or what will benefit? (Include the relevant village or area)	
Is there a critical time period for the expenditure?	
If successful, to whom should cheque be made payable , or details of recipient bank account	
Name and contact details of an individual who knows you/your organisation and might act as a referee.	

Signature of applicant:

Date:

The Framfield and Blackboys Horticultural Society together with the Village Show Committee put on and run the Annual Village Show. After covering the costs of the show, and ensuring that there are sufficient funds to mount a show the following year (including purchase of new items for the show and support for the Horticultural Society) it is hoped that there will be funds remaining that may be used to 'benefit the community'.

By 'community' we mean the residents of Blackboys, Framfield and Palehouse Common. A definition of 'benefit' is harder. For instance with the 2017 funds we planted, in conjunction with the Parish Council, on each of the village recreation grounds a tree to mark the centenary of the end of the First World War. In 2018 awards went to the 'Framfield and Blackboys Monday Club' and to 'The Framfield Stagers'. So requests, for example, to buy equipment for a 'play group', or help support an activity that benefits elderly people or to mark a significant event for the community would be appropriate. In reality, we can only respond to what the community puts forward!

The maximum amount of money available could be £400?(depends on show results). The Fund will not provide money for any annual maintenance or other recurrent costs. Forms should be submitted by April 30th 2020 with any agreed expenditure able to start from November.

Application is via this form which should be completed and sent by e-mail or post to:
