### **THANK YOUs THIS MONTH!**

Thanks to Jacob Force, owner of Copper State HVAC, for his donation of an evaporative cooler for the office!! We have gone two years without a cooler in the office. Fortunately, he installed the cooler when the temperature was under 100 degrees. Need a great HVAC company? Please support **Copper State HVAC (520) 390-6341**.

On July 6<sup>th</sup> we had a dust devil go through the facility which picked up three of our garbage bins full of aluminum cans. Special thanks to the Adelaide and Atlas Hoyt, Percy Washburn, and Saorsa Carver kids for picking the cans that were scattered all over the facility.

A huge thank you to Greg and Kailah of **CW Pool Service** for installing our new pump. They were able to get a new pump and install it in one day, and we only lost 3 days of swimming. They are a mom-and-pop company and are able to respond to your needs quickly.

### **HELP NEEDED.**

The pool needs several things, and we need your help! Most things require little effort and time:

#### **WATER FOUNTAIN**

The filter in the water fountain needs to be replaced. We have the filters but need someone to remove the old and put in a new one.

#### **PAPER TOWEL HOLDERS**

We have three new paper towel holders to be put up. One for each of the bathrooms and one for the office. We need help installing them!

#### **RAMADA REFRIGERATOR**

We believe it needs freon. The freezer works well, however the refrigerator is not keeping things cold.

#### **POOL TILES**

Is anyone familiar with laying ceramic tile? We have a few replacement tiles we would like to have installed.

#### **LANDSCAPING**

Now that we have had some rain, we need to pull the weeds and trim the hedges.

#### **POPUK SHADES**

Does anyone fix pop-up Truss Bars? We will purchase the replacement parts.

### **GRANTS**

We are researching available grants we can use to build a secure fence and replaster the pool. If you know of any sources, please email [terradelsolaquaticclub@gmail.com](mailto:terradelsolaquaticclub@gmail.com).

### **UPCOMING EVENTS**

#### **SWIM LESSONS THIRD SESSION**

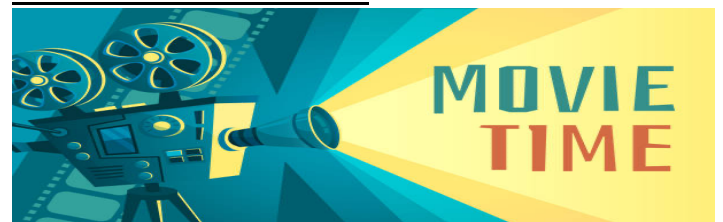

Our third swim lesson session began July 7<sup>th</sup>, and the last day is July 28<sup>th</sup>. We had to reschedule our end date to July 28 since one of our pumps went out. We are thrilled to have offered 3 sessions this year, and hopefully weather wise we will be able to complete lessons on time. We would like to give a shout out to "Step Into Swim" for awarding funding for scholarships this year. We had record enrollment this year, so we added an extra half hour in the evening and 2 additional classes in the morning. We had approximately 83 children in Session 1, 100 children in Session 2, and 86 participants in Session 3. Thank you for entrusting us with teaching your kids to swim!

#### **BINGO NIGHT AUGUST 23rd**

Our next Bingo night is August 23<sup>rd</sup> from 6 to 8pm. We have changed our rates a little to help defray the cost of our new pump. So you will get 10 games for \$15 - three cards per game. All proceeds go to TDSAC. Winners can choose from some great prizes. We plan on serving sodas, nachos, and hot dogs for purchase.

#### **FRIDAY NIGHT MOVIES**

Every Friday night we will project a movie for pool-side fun. Our snack bar will be open, including drinks and ice cream. Non-member guests are \$1.00. Movies will start at approximately 7:30pm, weather permitting. This Friday night's movie is Shrek 2, which runs for 1 hour and 32 minutes.

### USAGE OF SUNSCREEN:

Please apply sunscreen before coming to the pool to give your skin time to absorb it. Waiting until you get to the pool results in most of the sunscreen washing off in the pool, clogging the filters, and leaving greasy deposits on the tile.

Here are some sunscreen tips from the American Academy of Dermatology:

- If you wait until you are in the sun to apply sunscreen, your skin is unprotected and can burn. Use enough sunscreen. Most adults need at least one ounce of sunscreen, about the amount you can hold in your palm, to fully cover all exposed areas of your body. Rub the sunscreen thoroughly into your skin.
- Sunscreens are designed to remain at original strength for up to three years. This means that you can use leftover sunscreen from one year to the next. Some sunscreens include an expiration date indicating when they're no longer effective. Discard sunscreen that is past its expiration date.

**Facebook:** Terra Del Sol Aquatic Club

**email:** [terradelsolaquaticclub@gmail.com](mailto:terradelsolaquaticclub@gmail.com)

- Sunscreens should be applied 30 minutes before sun exposure to allow the ingredients to fully bind to the skin. Reapplication of sunscreen is just as important as putting it on in the first place, so reapply the same amount every two hours.
- Skin cancer also can form on the lips. To protect your lips, apply a lip balm that contains sunscreen with an SPF of 30 or higher.
- Reapply sunscreen approximately every two hours, or after swimming or sweating, according to the directions on the bottle.

### **POOL ACTIVITIES**

If you would like to suggest an activity at the pool, please let us know. One of our members would like to have RC races. We will have another list on the bulletin board for your suggestions. Some ideas may be crafts (e.g., cross stitch, knitting, crocheting) teen night, volleyball tournaments, or a book club. If you suggest an activity, we would love your help getting it started.

### **VOLUNTEER POOL OPERATORS CLASS**

If anyone is interested in learning how to keep the pool in good operating condition, please contact Pat Smyser. We need volunteers to take the class so they can help while the current operator is on vacation. The class is \$30, which we will reimburse you for. The class is from 9:30 to 1:30 at the Pima County offices on south Country Club. Register for a class at <https://www.pima.gov/2053/Food-Pool-Certification>.

### **WATER BOTTLES FOR SALE**

We have metal water bottles with our pool logo for sale for \$15.00. We have two designs of 20oz. bottles and two styles of bottles. We will sell the bottles at the at Orientations.

### **ROCK PAINTING**

We will start Rock Painting on Sunday mornings. We have not set a schedule yet, but check the website and newsletter for updates.

### **ALUMINUM CAN RECYCLING**

Please bring your aluminum cans to the pool so we can recycle them! Each year, we earn enough from recycled cans to purchase at least one bucket of chlorine.

### **VOLUNTEERS**

**PUMP ROOM HELP.** We would like to have a backup handyman. Eric Noel has been doing the repairs in the pump room for many years and we would like to have someone else who could fill in when he has family plans. We would like someone able to repair leaks in the pipes.
