**5 He who overcomes shall be clothed in white garments,
and I will not blot out his name from the Book of Life; but
I will confess his name before My Father and before His angels.**

Revelation 3:5

**SEEDS
FROM
THE
SOWER**

Michael A. Guido, D.D.
Metter, Georgia

“On the first day of each month I carefully walk through every room in my home to make certain that there is nothing that would embarrass Jesus if He were to visit our family,” said my friend. “If there is anything anywhere that is not appropriate for His eyes, it certainly is wrong for me to gaze upon it. If there are magazines or books or newspapers that have vile or unclean photos or stories I throw them away immediately. And because of the influence of television - even the news or children's stories or cartoons, we got rid of our television. And many would think we were wise. But when I talk to “them” about Jesus, many of them think I'm weird even without having that 'stuff' corrupt my mind and the minds of my children.”

His statements brought back childhood memories of my home in Lorain, Ohio. His attitude was the same as my mother's. I can hear an echo of her voice today: “We're not going to allow Satan to live in this house,” she said often. In every room there was an open Bible - readily visible for anyone to see. The walls had pictures of Bible stories and scenes of the way people lived in the days of Jesus. Wherever guests looked, they were reminded of something that had to do with the story of salvation. Of course, we also had family photos. But they were pictures of activities that were related to church events or pictures of us “kids” standing next to missionaries or evangelists.

“Home is where the heart is,” someone once said. And if the “heart” belongs to Jesus He will be very visible.

A DANGEROUS TERM BY GARY TOOLE

Satan is trying to slip in some dangerous terminology like he did with, My bad, and Christians better be on the look out for those things. Colossians 2:8. Now he is coming with this New Norm, and it is just a way to paralyze and cripple folks more and more and drive folks further and further into a hole and further and further away from each other and God and try and make them think it is ok because this is the new norm. It is the devils norm and this greedy money grubbing high tech companies and online shopper companies are riding the devils wagon waving their banner and using another demonic slogan, Alone yet together, trying to force feed folks shopping for everything on line even their supper and their car and just stay home and hide and with no personal interaction or activity we become unhealthy both mentally and physically and become hoarding psychotic hermits. Those companies like Amazon would like nothing better. So dont fall for it. Let old time businesses come back and mom and pop stores. So if they think for even a second that they are going to poke that so called new norm junk on me then have I got news for them birds. They can put me in jail and I will be like the old fellow that was told they were going to lock him up and he said, Well, let me ask you! What are we having for supper in jail tonight? Thinking they are going to isolate everybody off and put a mule harness on them and call it the new norm. When folks including even some folks in their forties cant hardly breath as it is and with a mask on they surely cant breath and those criminals on television with shows like the one called, Botched. It is botched alright. That crook is pushing mask and shield mask and he is making a killing off misery and then here is another part of that new norm. I have been watching this television preacher for a long while and that is something I dont do and before this virus he talked big and talked faith. Well, now he is no where to be found and he aint dead with the corona. No! He just found a hole and crawled in it and waiting until the coast is clear and then come back out promoting faith. I just hope he does and he will not be getting any financial support from me. But like grandma I will give him a good tongue lashing. The other day I was doing my radio broadcast and putting out my spiritual pamphlets and I went in this private BBQ place and there was over 100 sitting dining in, because everybody else went out of business trying to be politically correct and scared to stand up and say, Look, Im opening my place back up whether you like it or not! So all seemed normal there. Well, they had so many in line waiting there was no way I could wait long enough to get a sandwich. So I decided to go to this fast food place and I walked in which was something new. They were one of the last ones to open their doors and all looked ghostly dead and empty and unreal and unnormal and it left me feeling spooky and I decided to get a chicken sandwich which had probably never seen a chicken other than the chicken company men. So there was big, large, enormous heavy bullet proof plexiglass up and the girl had a tight mask on and I first thought I was in an operating room and I said, like my mom taught me, very loudly because I knew if I didnt she would never hear me. I ordered and she mumbled back and through the mumble, the plexiglass and the mask I could not hear a word she said and dont you even dare start to imply that I can not hear. I can still hear a pin drop and so I just walked out and I said as I did very loudly so the manger could hear, Until you all snatch all this mess down and off and get back to normal and not no new norm then I wont be back and I aint the only one. So if they want to over do all this and run scared because they think someone will sue them like the crazy woman with the hot coffee then maybe they need to go out. Now that is my God given opinion and message to sane people. Can you say amen?

*Words of
Wisdom*

Candice Smith

Genesis 1:1 is the entire foundation for the whole Bible story. God! He is creator of everything, of time, space, and matter. All things exist because of Him. He exists apart from them and is before all things. That means it's all Gods. His world. His system. His rules. When you read chapters one and two of Genesis there's a key word used: GOOD/VERY GOOD. What God said, saw, created... all of it He evaluated as sheer PERFECT PEACE! Then chapter three something occurs. Things changed. Man fails. All the good that God created is now in a fallen state. As the story plays out, we find out that God is still good. Down through the ages man is still sinful, but the purposes and plans of God never fail. His promises are true. He is faithful to keep His word. By the time we get to the end of Revelation a lot has occurred. God watched over His promise for a seed to crush the serpent, Jesus came and did not fail. By the end of the story, we discover all the in between stuff did not stop God's plan for salvation and restoration. Mankind couldn't do it, but God could, and He did. Everything is sheer perfect peace for all eternity for those who had put their faith and trust in the promised Messiah. Right now, we are so close to the ending of the whole story. Don't get lost in the middle. Keep moving towards God. It'll be worth it.
