SEEDS FROM THE SOWER

Michael A. Guido, D.D.
Metter, Georgia

Shortly before leaving for college my saintly pastor came to visit me and offer me a few words of advice on the importance of being well prepared to serve God. During our conversation he advised me to take every course that had anything to do with speaking or writing. "Larry," he said in a voice that reflected sincerity and compassion, "it does not matter how much you know about the Bible, if you can't explain it so people can understand it, accept it and live it, you'll be letting God down." It made good sense to me and I followed his recommendation carefully.

One of the classes I took emphasized the difficulty of people hearing what a speaker says and interpreting it correctly. It is easy to hear what someone says but quite difficult to pass it on without changing the words and the meaning that the speaker intended. When this happens something is lost in "transmission" and it could be a matter of life and death if the message passed on is incorrect or inconsistent.

The importance of the integrity of God's message is clearly presented in Psalm 92:5, "Your statues stand firm!" That means "Whatever God said is so." His Word contains no errors, no mistakes and no information that can lead us astray if accepted as written. In fact, the word for *statues* emphasizes the fact that Scripture rests on the integrity of God our Creator. His statements, promises, warnings and commands are not to be changed to meet the desires of man but to proclaim and present the everlasting covenant between God and man.

Words of Wisdom with Candice Smith

Living in an AI Generation – Artificial Intelligence is everywhere. It has basically taken over the whole world. It did not suddenly occur. It moved in stealth mode, and suddenly came into view. You can trace it back for year if you want to seek it's origin. We think of it in the shape of robots. And that's all well and true. It's not innocent though. Take into account what the Bible says about the antichrist. Gather up the scriptures that tell you the details and characteristics. Now, I know I might sound like a conspiracy theorist, but have you not even just a little bit wondered if it would even be a human. It's okay. You can laugh at me. I laugh at myself sometimes. But seriously. The Bible has what we call "book-ends" known as Genesis & Revelation. When you close the Bible, they literally look back at each other, with the rest of the books located in between. I call this: Mirror-Image. I don't know if anyone has a technical word for it, but let's roll with it. The first of God's story in creation account is mirrored with the last few chapters in Revelation. When you take them into view, you can see a reversal. It's like looking at the reversal that we see in the flood of Noah, as it reverses the creation order of Genesis. Or Acts 2 reverses the tower of Babel incident. Jesus even flipped things around when He stepped onto earth in the flesh. His works flipped the law onto it's head. There's reversals in scripture. Mirrors. And AI looks a lot like humans. A being in their own image. One that copy-cats God. It sees, hears, and knows... all by artificial intel. It's trying to play God. God wants us in connection with Him. AI wants us to merge or plug-in to it. It's a beast of a system, and can appear real, but is a false image. Don't say Candy did not warn you. It's here, and has been since the fall in the garden.

SPONSORED BY REV. GARY TOOLE

**POOR PREACHERS
BY
GARY TOOLE**

Some time back I went to two churches which were supposedly Pentecostal to put my name in the hat and let them know I was a preacher and to promote my ministry which is 100 percent charitable. A lot of good that did. They were both stuck on self. So anyway this one pastor stood up there and milly mouthed about President Trump instead of standing up for him. He talked him down and then talked all about praying for Biden. Oh well! I will agree that he needs prayer not that he wants it and yet President Trump said way back the most wonderful thing anyone can say to you is that they are praying for you. Also he said at his last rally before satans family put Biden in. He said, Some say I am the most famous man in the world, but no they are wrong. Jesus is! At least you can give him A plus for that. So these two Pentecostal preachers said, Dont find fault with Biden. Just pray for him, and I thought and while you are at it, then pray for the devil. Maybe he will change his ways. Do you reckon? No! And neither will Biden. Am I judging him? No, I am doing what Jesus gave us permission to do. Be a fruit inspector. Now I believe in praying as much as anyone but I detest using that as a cop out. When you pray then put some legs to your prayers. Oh, you dont want to get involved with politics. Well, Jesus and Paul and Peter did any way whether they wanted to or not. Now some say, Oh lets just love em to the lord. Yes, please do! But dont be surprised when it dont work on Biden and Caramel and Nancy. Not Reagen but Polousy or Polousi or some name. Who knows? Now God wants them saved but He already knows who will and who wont and He does not predestinate them. All is by choice. And God has got a plan and it aint how we see it and it is according to His ways and thoughts and will and time and according to a timeline of prophesy and all the signs are lining up and the stage being set and what we want may not be in his plan. You see He is smarter than we are even with our smart phone. He knows Bidens heart and all the others and He knows they want to destroy this Christian nation founded by our fore fathers in God we trust and they want to have a socialized government fazed into a communistic one. The very thing our men and women in the military have fought and died for all these 200 years or so and they can put up a front but they aint fooling me or God. Their intentions are less than honorable. You can bet grandpas old shot gun on that. And they want to do away with the founding fathers separation of church and state. They want to destroy the protestant and Pentecostal churches and tie their hands and penalize them and gag the preachers but let the orthodox state owned state runned churches exist. You see like satan they hate Christians like us that preach against sin and against killing babies and against homosexuality. In fact these riots against president Trump were really all about these domestic left wing terroistic millenniums wanting to poke all that mess down societys throat and the fight is really so they can continue to murder babies and commit acts of sin against God in Exodus 20:13 and that includes the whole shabang! Can you say amen?
