SEEDS FROM THE SOWER

Michael A. Guido, D.D.
Metter, Georgia

A small child recently asked me, "Mr. Larry, I believe there is a God. And I know He's in my heart. But who made Him?"

"Nobody," I answered.

"Well, when did He begin to live?" she asked politely.

"He always was," I replied.

"Well, will he ever stop living?" she wondered.

"No," I answered. "He always was, and always will be," I answered.

"But," she admitted, "I don't understand."

"Neither do I," came my confession. We who are finite cannot ever understand the infinite.

Every rational person who is endowed with a mind that has the capacity to reason finds questions about God - even in early childhood. This search for God, at an early age, is significant. Obviously, this question about God arising in the mind of a child seems to provide convincing evidence that there is a compassionate Creator who has planted Himself in the mind of everyone. Otherwise, why would anyone ever ask the question, "Is there a God?"

Questions about the existence of God are nothing new. God Himself put a curiosity within each of us to ask questions and seek answers. If we did not have a capacity to question things, we would not be human. Remember, it was God who said, "You will find me when You seek me with all your heart." The seeking heart will find God.

Today's Women

This is so odd for me to write, yet here I am compelled to do so. God created the human being. That's one humanity. And yet, there are multiple ways that we can look at them. Each one is unique. Looking at the female, she is under a new kind of attack today, yet God made her. That might be soft, or strong, perhaps both. She is in a category that aligns with the word "helper" and that word is also seen in scripture with a characteristic linked to the Holy Spirit. She has a place, not only in the kitchen, tending to the children, and all those things we like to box her into. She has a brilliant mind. She has solutions, ideas, opinions, a voice, and yet she has been silenced in a lot of ways around our world. Her heart feels, and it feels differently. Her mind thinks, and differently. She is different, but she was not created to shrink down or to live in disgrace. The world would look a lot different today if we didn't have both male and female in it. Women are most often misunderstood, but her place is relevant in the world. God is the One who said so.

7TH HELL
BY
GARY TOOLE

All these shootings and this African American police chief said, that you cant just blame the police or the mayor or the governor or the president but you need to blame your own self. The parents are a lot to blame. True! So true! That is what us preachers have been saying all the time. Morality must start in the home. As I say, There are no bad children. Just bad parents! I said that to this know all know nothing pastor and he said like the coward he was, Oh well! I dont know about that! Well, I do! Now you can do all you can and you will have some turn out on the wrong side of the fence but as the word says in Proverbs 22:6, Train up a child in the way he should go and when he is old he will not depart from it! And when it says to train up a child then it dont mean to wait until he 10 or 12 years old. Children have such bad examples now. Even with televisions so called family shows and Christian oriented shows and yes, if you look closely you will see the devil in on the scene. Back with the highly praised, Touched by an angel, I was watching an episode and when all was said and done then the angels said, Ok! Now its time for a glass of champagne to celebrate. Well, you may ask, what is wrong with that and because I use to be a dog drunk that started with just a glass of champagne there is everything wrong with it! Then now, heres the preacher on the Seventh heaven, family show in the bar having a beer and dancing with the ladies and yoking up with unbelievers and hes got a wife at home. Now, come on now! Try and justify that anyway you want but you are wrong. Double dog wrong! My father said that when he was a boy in Twin City, Georgia that a priest from the county there each afternoon would go to this bar called, Hells half acre, and he would drink beer until he was drunk and had to be toted out and as my father said, that he was known as a bad example. Not a good priest but a sloppy drunk one! So me and my dad can say amen!
