At Jade Jaguar, we honor the legacy of the jade-inlaid jaguar throne found deep within El Castillo at Chichén Itzá—an emblem of artistry, ritual, and nature intertwined.

As you explore our menu, you'll taste echoes of that world: bold spirits, vivid flavors, and a design of flavor meant to connect, enchant, and linger. We carry that spirit forward by channeling the energy of Mexico City's world-class cocktail bars, bringing their creativity, warmth, and vibrance here to Kansas City.
