Meal Prep Steps

Set aside ~1 hour on a designated meal prep day.

If it works better for your lifestyle, feel free to break it up into shorter time blocks. Aim to dedicate at least 1 focused hour, then fit any remaining prep steps into pockets of time throughout your day. Remember to check the meal plan and see which days the items are served so you can plan accordingly.

Divide and Conquer

Ask a spouse, family member (get the kids in the kitchen!), or caretaker to check off a few of the small tasks like washing/chopping veggies or cooking something. A little help goes a long way!
