Lano Scalia is the perfect choice for the health car sector.

HERE ARE SOME BENEFITS

Lano's impervious backing is specially developed for carpets for healthcare use: residential homes, nursing homes and hospitals. For domestic applications, this backing is also perfect for use in bathrooms and kitchens. I-Back is a contract-grade impervious gel backing and has the following characteristics:

- Permanent impervious to spillages and moisture
- Quick drying time after cleaning
- Impermeability of fluids through the subfloor
- Ease of urea and proteine removal.
- Also available on Synthetic
- Backing form 500sqm onwards

LANOSET

Carpet fibre determines the integrity of your carpet and many other aspects such as surface structure, colour fastness (?) to wear and effectiveness in soil and stain resistance. Its ideal for use within the healthcare and leisure markets (?) choice when selecting carpets for environments that are open to regular soiling and commercial cleaning. Key features include:

- Stain and soil resistance
- Enhances texture and colour
- Anti-static fibre
- Solution dyed yarn
- Resilience to wear
- Colour fastness
- Comes in 12 modern Colours
