

Millview Terms and Conditions 2018

Hello, Millview Members! This is a document that provides a basic agreement between all members and the board at Millview (who are also members). This is not intended to be a long, legal contract that few would read or even understand. Instead, it is intended to make all aware of what Millview Swim Club *is*, and what it is *not*, and how it is operated. What can you expect by joining our community-run pool?

1. **We now have a pool maintenance company to keep the pool clean and clear.** This still requires the participation from members to keep it beautiful!
2. This is a “not for profit” organization, and we receive no financial assistance from the city, county or state.
3. This is a volunteer organization. We depend on the help of members to make the workload light. The board does not get paid for their service to Millview, but receives a nominal discount for membership dues the following year.
4. Who is the “board of directors” at Millview? The board of directors is made up of: President, Vice-president, Treasurer and Secretary. Additionally, in 2018 we are introducing an organizational structure that includes approximately 12 other board members, each of which have a specific area/task to manage at the pool. The structure of the board, including names, will be made available to members before the opening day. For privacy, this will not be listed on the website, but emailed to members.
5. What benefits do the board members receive? After serving on the board for one season, board members earn a discount of \$100 off the full membership price for the following year. They must have been active and effective in their role, determined by the board and themselves. The president does not pay for his/her family membership.
