Introduction

Rendlesham Camping is located within the boundaries of Rendlesham Forest and was formally known as Tangham Campsite. The market town of Woodbridge is 5.5 miles away and Hollesley is 6 miles away. You will find many cafes, pubs and shops where you can enjoy a meal or drink. It is a great place from which to explore the South Suffolk Coastline.

The site is mostly flat and generally open, except for the surrounding Rendlesham Forest.

The site offers a mixture of grass only, grass with electric and hardstanding with electric pitches.

Mobile signal is reasonable on site but can vary depending upon pitch location and tree coverage.

Television signal is not very good but can vary depending on pitch location and tree coverage.

There is no WIFI on site.

Your Arrival on Site

The earliest arrival time on site is 1:00pm. We are unable to offer early check-in options.

Approach surface via Tangham Road is tarmac, and there are 3 large speed bumps which must be approached at 5mph. The Site is accessed from the main Woodbridge Road, there is a sign on the main road for Rendlesham Forest, just before the turning, which is the only entrance to the site and entrance to Rendlesham Forest car park(s) and commission office.

Arrival surface is stone chippings, with a gated approach. Reception is within Wardens House on site and clearly visible as you enter the site on the right-hand side.

The gate is opened by the on-site Warden from 7:30am and closed at 10:00pm. Gates will only re-open outside these times in the case of an emergency.

There is no specifically designated accessible parking so please discuss requirements with the office if needed.

There is only one bus service which stops from outside the Butley Oyster Pub (2 miles away) @ 06.30am each morning and returns at 18.00pm. It doesn't run on Sundays or Bank Holidays.

There are Taxi services in Woodbridge, some allow dogs.

Your Check In

The reception is the building on the right as you drive into the site. The reception is clearly signposted.

Access to Reception is via the road that circles around the site.

There is a ramp into Reception. There is a wide doorway with a shallow ridge at the bottom and the doors open inwards. The floor space is free from clutter and there is turning room for wheelchairs in the reception.

The reception hours can vary depending on the season. Usual opening hours are 10:00am - 4:00pm, Sunday to Thursday 10:00am to 6:00pm Friday and Saturday. A doorbell can be found on the door to reception and an emergency contact number is displayed for out of hours contacts so on-site staff can attend.

A site warden lives on site so can always aid in case of emergency.

Details of local hospitals, doctors, dentists' and vets can be found at reception.

Your Pitch

As you look at the site from reception, the site is a mixture of both grass pitches (with or without electricity) and electric Hardstanding. Most electric bollards have 4 outlets. Pitches are defined with white numbered markers.

The ground can be uneven on grass and chocks may be required. The site is home to a few rabbit families and there may be some small holes to look out for within the grass pitches.

Campers can park one

vehicle next to their unit. Sometimes if weather is bad, they may be asked to move their vehicle elsewhere, but please discuss with the team so the best pitch is offered.

Travelling Around Site

The entrance road is stone chippings; there may be small potholes. There is a speed limit around the site of 5 mph. A one-way system is in operation around the main camping area.

There is one circular road around the site, but no footpaths to facilities.

A torch is recommended when walking around the site at night as there is no additional night lighting away from the facilities blocks.

There are rabbit holes and mole hills in the camping areas throughout the site and (these are cleared on a regular basis). There are many raised tree roots in the camping area.

Facility Block

There is no path leading to the facility block. The entrance to the main toilet and shower block is flat. The entrance to the disabled toilet and shower is clearly marked at the front of the building.

There are showers on site. The showers are operated by a start/stop button and last for 6 minutes. The facility block is lit internally at night.

There is wheelchair access to the facilities.

Assistance dogs are permitted in the facility block.

The floor is non-slip.

Dish wash area is situated on the external wall of the facility block. The area is covered; there are no external lights.

Additional toilet facilities are provided during peak periods.

Waste, Water, Fire and Evacuation

There are general waste and recycling bins situated at the entrance of the campsite. They have fencing around three sides, to house the bins. They all face onto the road, so easy access.

The Waste Containers/bins are commercial sized on wheels.

There is flat, level access to all water taps, but no paths.

There is flat, level access to all waste points, but no paths.

Wastewater carriers can be taken directly into the wastewater area.

The site has three Chemical Disposal Points situated throughout the site, marked on the site information map. The site is not yet set up to accept composting toilet contents, please do no put these down the chemical disposal points.

There are fire bells & fire extinguishers situated around the site. There is unrestricted access to the firefighting equipment.
