Focus: Finances Energy prescription: Citrine  
This beautiful Golden yellow stone is known as the "Merchants Stone". Placing citrine in one's cash box was a common practice to produce more income for the merchant. Citrines give off a beautiful warm energy that stimulates our own energy field and creates a recharging effect. This stone vibrates on a frequency that attracts happiness and abundance. Wear citrine if you are a

person who also gets cold easily to not be as sensitive to its chill. Raising your self confidence and self esteem Citrine is an ideal stone companion to see projects through to completion.

Focus: Pursue an aspiration Energy prescription: Anhydrite  
Anhydrite is a tubular crystal that occurs as a colourless mineral or in the colors ranging from blue to grey. This mineral gives physical strength and also teaches us how the body is transient. It assists in communication with people of a different state of mind than yours and can help you find the correct words to bridge the gap. This crystal is known as the "glad acceptance" stone.

This energy allows it to flow through all the many
