

The Future of Fitness is Wireless, Efficient, and Scalable

Unlock risk-free growth and skyrocket profitability with VBTec's Visionbody Systems.

The Opportunity

Growth requires volume and time efficiency.

The Promise

Transform your gym's throughput by delivering 3-4 hours of traditional training results in just 20 minutes.

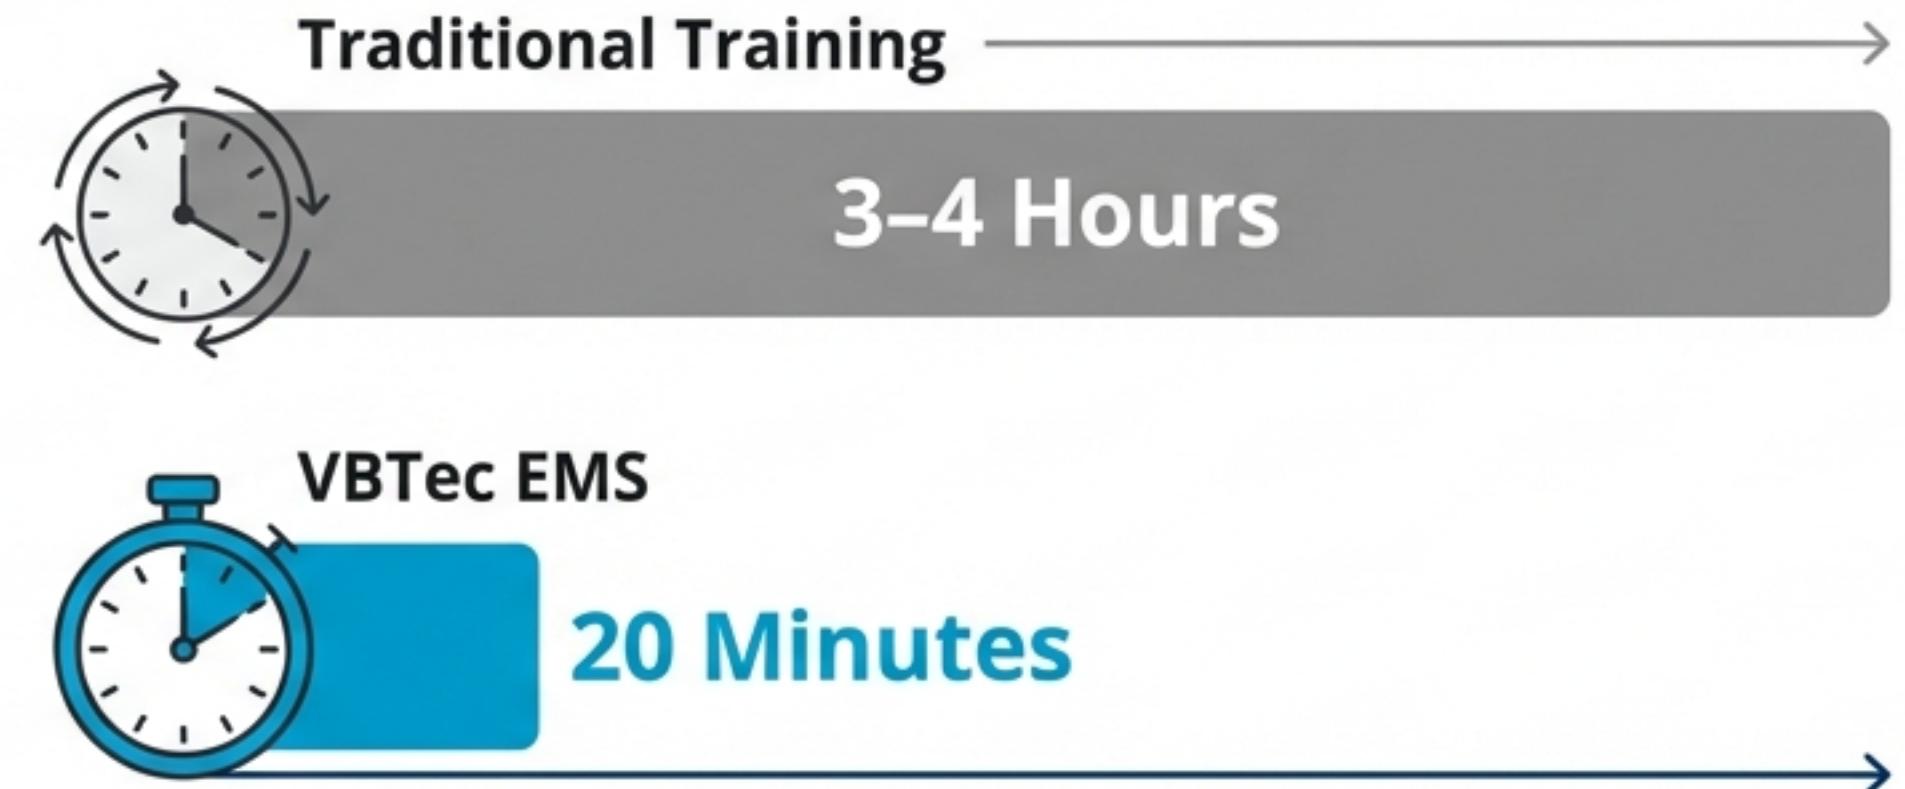

The Authority

From VBTec—The world's #1 manufacturer of wireless EMS devices, pioneering the market since 2014.

The Traditional Training Model Has Hit a Ceiling

- **The Problem:** Traditional growth is limited by time. You can only train a few clients per hour, and results take months.
- **The Shift:** The market is moving toward Biohacking and efficiency. Clients demand faster results; owners demand higher turnover.
- **The Solution:** The 20-Minute Miracle.

Time to Results Comparison

The future of fitness and biohacking is here.
Ready to gain a competitive edge?

German Precision Meets Wireless Freedom

Heritage

VBTeC combines German precision with fitness science. We own our development and manufacturing, ensuring premium quality.

Innovation

We didn't just join the industry; we defined it. Pioneers of the wireless revolution since 2014.

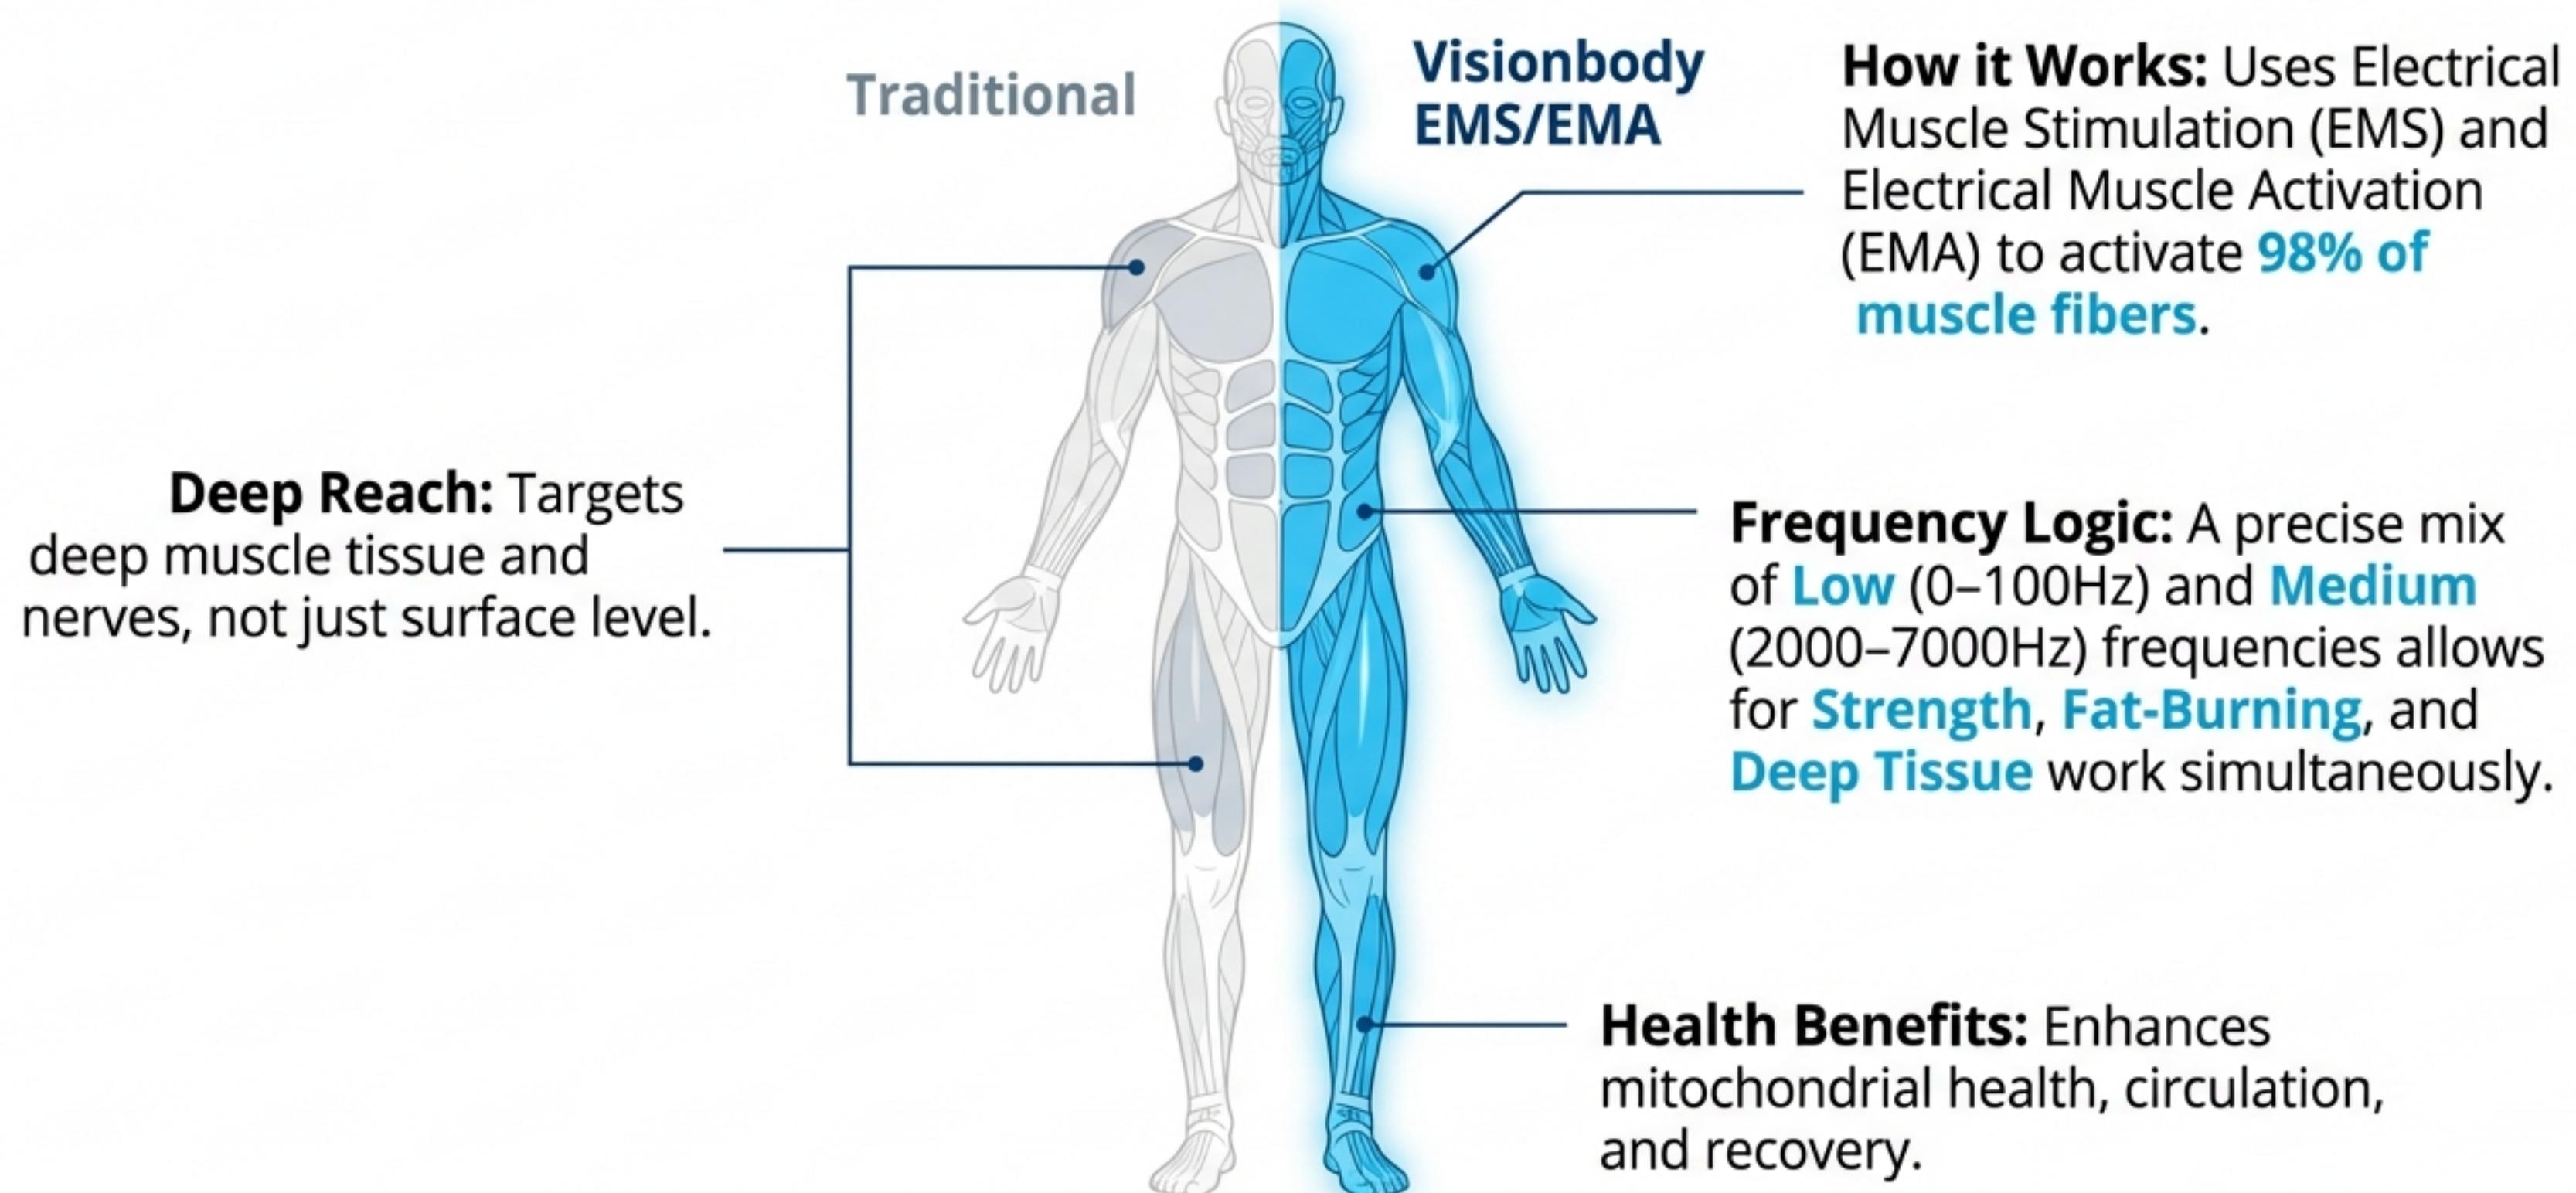

Scope

Trusted in over 40 countries with 10+ years of market experience.

VBTeC: The future of fitness and biohacking is here. Ready to gain a competitive edge?

Activation at the Cellular Level

Break Free from the Illusion of Linear Growth

 **The Math:** Stop training 1-2 clients per session. With VBTec, train up to **30 people simultaneously**.

 **Revenue Multiplier:** Gym owners can earn up to **8 times more** in the same amount of time.

 **ROI Speed:** Investment can be earned back within as little as **2 months**.

 **Efficiency:** Visionbody ProMaxx is designed for large classes (spinning, Zumba) to **boost efficiency**.

The Ultimate Ecosystem for Professional Studios

- **The 12-Channel System:** Fully wireless, 20 integrated wet electrodes.
- **Battery Power:** External, exchangeable LP-E10 batteries (standard camera batteries) providing ~6 hours of continuous training.
- **Control:** Managed via Visionbody iPads (Bluetooth connection). Connects after a warm-up period.
- **Software:** 40+ training programs (Strength, Endurance, Anti-Cellulite, Sparring).

Total Freedom to Train Anywhere

 **Versatility:** No tangled cords. Compatible with [yoga](#), [running on treadmills](#), or [high-intensity interval training](#).

 **Indoor & Outdoor:** Take the class outside or use it to enhance sport-specific training (soccer, basketball).

 **Diverse Applications:** Suitable for pure fitness, rehabilitation (muscle atrophy prevention), and pain management.

Safety, Hygiene, and Fitness Ownership

The Standard:

We take no shortcuts. No shared wetsuits. No exposure to other people's bacteria.

The Business Model:

Clients own their personal PowerSuit. It fits like a second skin and is machine washable.

Material Science:

Antibacterial, skin-friendly material. No need to wash after every single session.

98%

User Retention Rate

Clients prefer owning their gear.

Flexible Solutions: Dry Suits and Studio Vests

The Visionbody PowerSuit (Dry)

Latest generation,
personal
ownership.

Fits like a
second skin.

Max freedom of
movement.

The Visionbody PowerVest (Wet/Studio)

Sturdy, studio-
optimized for
continuous
operation.

One-piece vest,
easy donning
(<30 seconds).
