CloEE

CloEE Efficiency Center as a Service

CloEE as your ECaaS – Efficiency Center as a Service.

In CloEE we share importance for maximization of production efficiency, while thinking about human comfort.

Why CloEE is your best 100% remote Business Analytics:

CloEE advisor digs into all the analytics and reports, generated based on your real up-to-date data and provides you with useful insights on a weekly basis

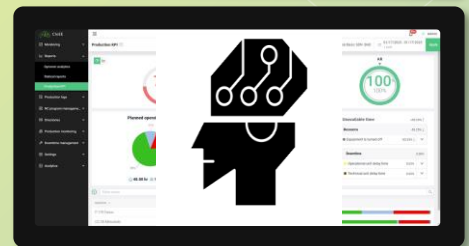

CloEE works 24/7 helping you to increase OEE and catching all the important trends of how your equipment actually works.

Our ECaaS solution is a team of highly qualified SMEs (subject-matter experts) of the production process.

CloEE ECaaS is best practices and industry KPIs combined into your personal analytic reports

Our pricing allows any industrial enterprise to benefit from CloEE

1-10 machines	11-25 machines	26-50 machines	51+ machines
\$ 149 machine / month	\$ 129 machine / month	\$ 119 machine / month	\$ 99 machine / month
