

NITRO

FOREVER SNOWBOARDING

RENTAL COLLECTION / 2025-2026

FOREVER SNOWBOARDING

Like any other market, the rental business is highly competitive and with Nitro Rental products, you can have that advantage over your peers. At Nitro, we are taking a very unique approach: Our goal is to offer rental boards, boots and bindings that are durable and functional, but also look and feel like regular retail product. Quality expectations in the rental business are going up, and we are catering to this trend with full-featured products that are no less than our inline models, optimized for everyday rental use.

But our line of rental snowboards also reflects a key aspect of our retail line: Ultimate diversity. We strive to offer not just entry level boards, but also more advanced and some specialized models. This is giving you more options, catering to different tastes and riding levels.

LOOK & IMAGE

Nitro is an authentic Snowboard brand with lots of history. Our products are well respected in the industry and are constantly some of the top-selling items in retail stores. Our rental boards look almost exactly like our inline products: same graphics, same shapes, same image. Your customer will look like a normal snowboarder and feel part of the community much easier. And the reselling value of used gear is higher than average.

TECH

All our rental products offer unique and exclusive features to prolong the life of your rental equipment and help you to get the most out of it.

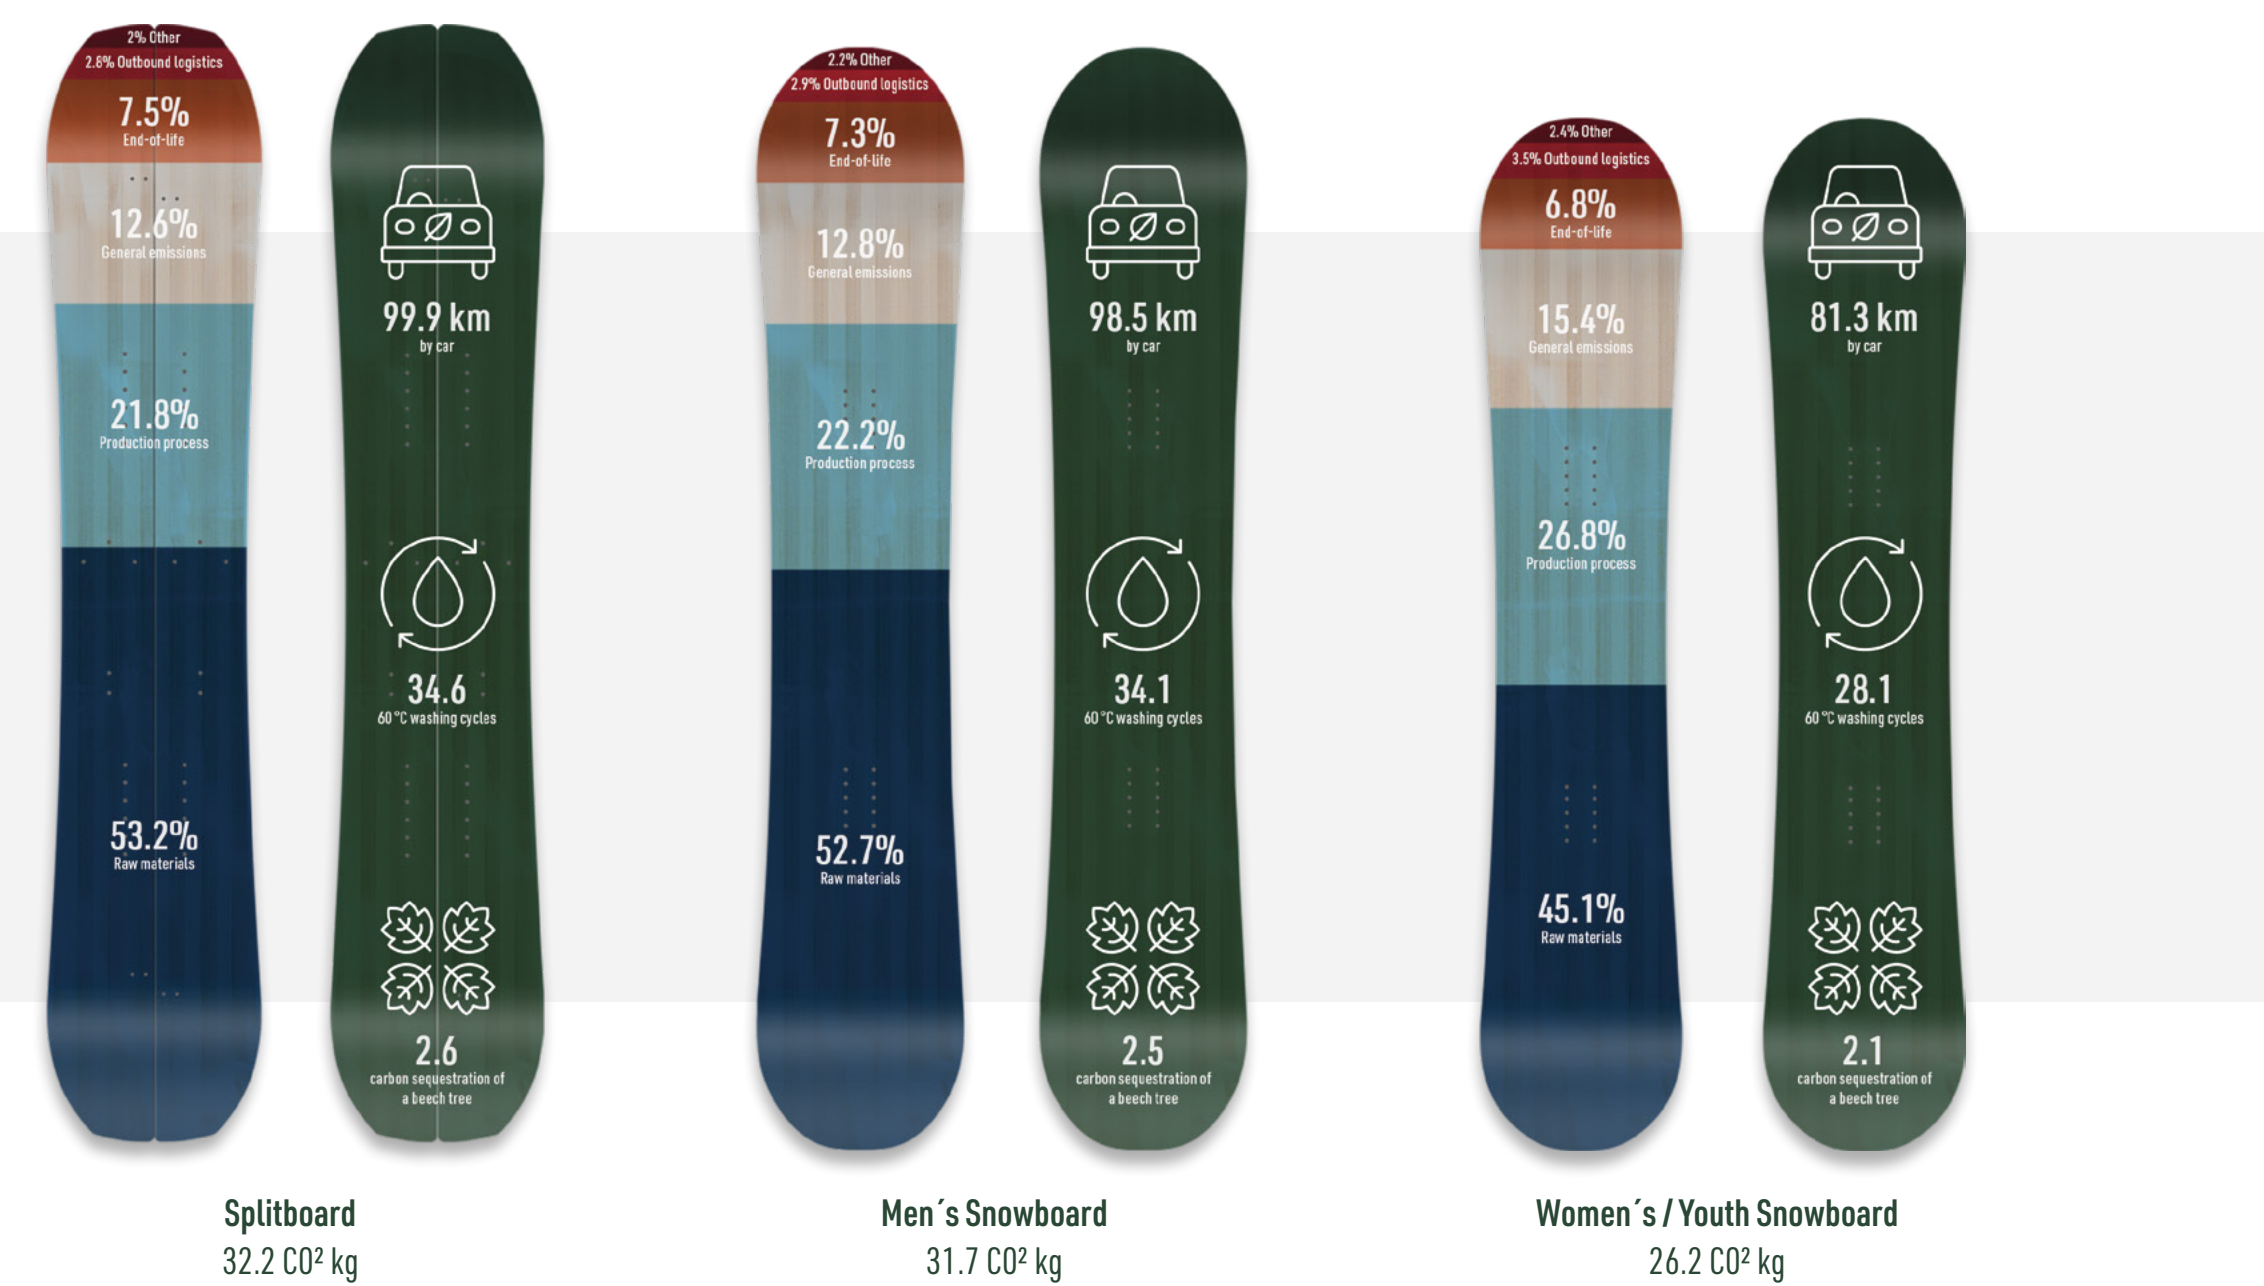

TOMMY DELAGO

Co-Founder / President

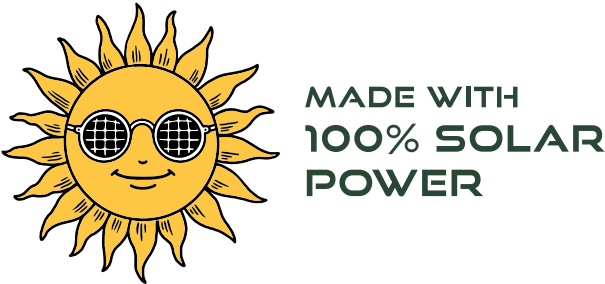

ENVIRONMENTAL RESPONSIBILITY

We believe transparency is key regarding environmental responsibilities, and showing the CO² output for each board and binding is important. We know manufacturing is not perfect and impacts the environment, so we must continue looking for new ways to improve all aspects. We are investigating new ways of compensating 100% of our carbon footprint for our total production and are continuing to work on solutions to reduce our environmental impact through materials, processes, timing, and durability. Currently our boards and bindings are built with a hundred percent solar power, FSC-certified wood cores, water-based inks, and as many recycled materials as possible. This journey has and will lead to failures and great achievements; we are excited to continue moving forward and hope you'll join us on this journey together.

TEAM RENTAL

Your Favorite Snowboarders Favorite Board

CHARACTERISTICS

- Shape: Directional Twin - The best of both worlds
- Camber: True - Full control and pop
- Profile: Reflex Core Profile - Better torsional control
- Width: Standard - Quick response and edge control
- Width: Wide - All the room you need without edge-to-edge lag
- Sidecut: Dual Degressive - Smooth and forgiving

DESCRIPTION

The lively and versatile Team board has been a Nitro classic for over two decades. Years of innovation, testing, and feedback from Olympians to local heroes have made it the most trusted and versatile all-terrain snowboard on the market, ridden daily by pros and weekend warriors worldwide. With its mellow sidecut and versatile flex pattern, the Team delivers - on any day, in any terrain, for every rider.

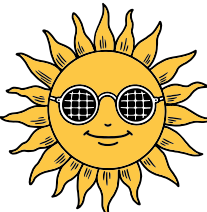

RENTAL SPECIFIC FEATURES

- Softtouch Topsheet - Scratch-free and self-healing
- „Short-Cut” Top Glass - More impact resistance and durability
- Black Running Base - Maintenance-friendly
- Railkiller Edge - Highly Durable and Service-friendly

Bigger All-Mountain Performance!

CHARACTERISTICS

- Shape: **Directional** - The most versatile all-mountain shape
- Camber: **Cam-Out** - Fun, responsive and forgiving
- Profile: **Standard Core Profile** - Even flex and control
- Width: **Wide** - All the room you need without edge-to-edge lag
- Sidcut: **Dual Degressive** - Smooth and forgiving
- Plus: **Power Pods** - Step up your carving game

 **Carry Over**
from 2024-25

DESCRIPTION

The Magnum proves that extra width doesn't have to drag you down. It is nimble, quick and responsive, with Power Pods to assist in carving, yet stable at higher speeds and floaty in the pow. Precision-engineered with a hyper focus to provide riders with larger boot sizes a smooth all-mountain ride. Snowboarding's original wide board designed to ride like a responsive directional weapon!

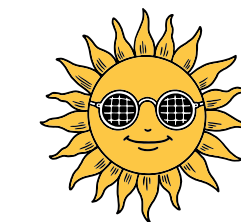

RENTAL SPECIFIC FEATURES

- **Softtouch Topsheet** – Scratch-free and self-healing
- **„Short-Cut“ Top Glass** – More impact resistance and durability
- **Black Running Base** – Maintenance-friendly
- **Railkiller Edge** – Highly Durable and Service-friendly

Introducing the New Directional Adventure Seeker

CHARACTERISTICS

Shape: **Directional** - The most versatile all-mountain shape

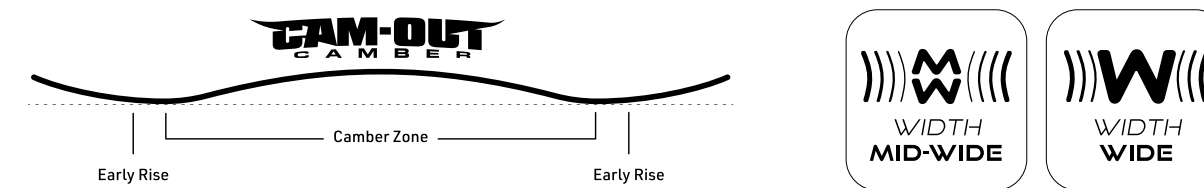

Camber: **Cam-Out** - Fun, responsive and forgiving

Profile: **Standard Core Profile** - Even flex and control

Width: **Mid-Wide** - Exactly enough platform for most boot sizes

Width: **Wide** - All the room you need without edge-to-edge lag

Sidecut: **Dual Degressive** - Smooth and forgiving

DESCRIPTION

The new Phase is designed for snowboard enthusiasts and daydreamers who enjoy creating their own paths through the trail map, seeking out sidehits, tree runs, or wide-open groomers. Nitro's new affordable all-mountain cruiser with a medium and playful flex and perfectly matched widths will suit anyone from team riders to weekend warriors, looking for a versatile daily snowboard.

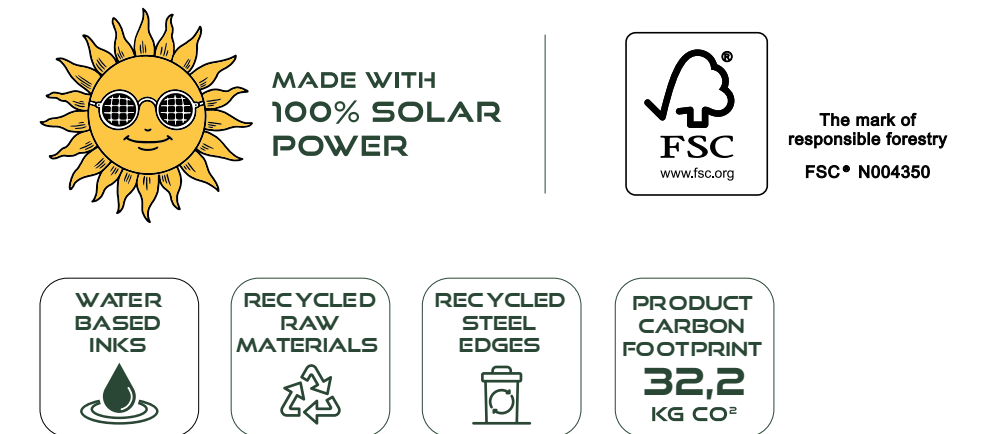

RENTAL SPECIFIC FEATURES

- **Softtouch Topsheet** – Scratch-free and self-healing
- **„Short-Cut” Top Glass** – More impact resistance and durability
- **Black Running Base** – Maintenance-friendly
- **Railkiller Edge** – Highly Durable and Service-friendly

CHEAP THRILLS RENTAL

Voted Best Ride in the Park

CHARACTERISTICS

- Shape: Twin - The park and urban classic
- Camber: Flat-Out - Float, pressability and forgiveness
- Profile: Whiplash Core Profile - Maximum ollie power
- Width: Standard - Quick response and edge control
- Width: Wide - All the room you need without edge-to-edge lag
- Sidecut: Radial - Reliable and predictable

Carry Over

from 2024-25

DESCRIPTION

Nitro's flagship twin freestyle deck, designed with team riders Benny Urban, Nils Arvidsson, and Dominik Wagner, is the perfect tool for tackling rails, jumps, and transitions in and out of the park. It caters to jibbers and daydreamers who view the mountain, park, streets, and everything in between as a blank canvas, ready to be shredded!

"The Cheap Thrills is my favorite because of its playful freestyle feeling. Super fun on medium jumps, jibs, side hits, rails, and in the streets" - Nils Arvidsson
