FALL WINTER
2025-2026

LEASE

FOR EVERY TURN

At Rossignol, we live to turn. From groomed trails to untouched tree runs, bunny slopes to black diamonds. It's our mission to turn innovation into inspiration, making skiing and riding more accessible, comfortable, and fun however you slide on snow. Together we have the opportunity to **turn first-times into lifetimes**, to create unforgettable moments and make lasting memories. For every turn, there's Rossignol.

YOUR RENTAL OPERATION IS MORE IMPORTANT THAN YOU THINK

Every passionate, life-long skier and snowboarder has to start somewhere. And more often than not, a rental/demo shop is where the journey begins.

Whether at a local ski hill or world-class destination resort, every rental operator has the opportunity to contribute to the growth of snow sports by providing a rental experience that leaves a positive, lasting impact.

Your rental operation is not just a revenue generator. It's where first-impressions of our sport are made.

OUR ROLE IN INCREASING SKIER AND RIDER RETENTION

"The challenge of getting better" continues to be one of the leading reasons skiers and snowboarders leave or give up the sport.

Meanwhile current innovations in ski and snowboard technology continue making our sports easier, more comfortable, and more fun than ever before.

Providing up-to-date rental and demo equipment that speeds up the learning curve, fast-tracks progression, and offers a more comfortable and enjoyable on-snow experience has proven to generate more satisfied guests, more return visits, and more passionate, life-long participants.

PROUD PARTNERS IN FUN ON SNOW

No one of us can do it alone. In addition to developing intuitive, user-friendly rental solutions with the “game-changing” performance that’s proven to deliver the best on-snow experience, Rossignol is proud to partner with snow sports professionals across the industry in order to drive the awareness, participation, and overall enjoyment of skiing and snowboarding.

EXPERIENCE CENTERS, DEMO CENTERS, NORDIC CENTERS

Rossignol is proud to offer and support rental and demo initiatives aimed at providing heightened consumer awareness and education in resort settings across North America.

Through a combination of game-changing products and awareness-driven marketing support, Rossignol’s exclusive rental/demo partner programs continue to boost return visits amongst all skill levels, increasing skier and rider retention and generating more dedicated, life-long participants.

WHY ROSSIGNOL RENTAL

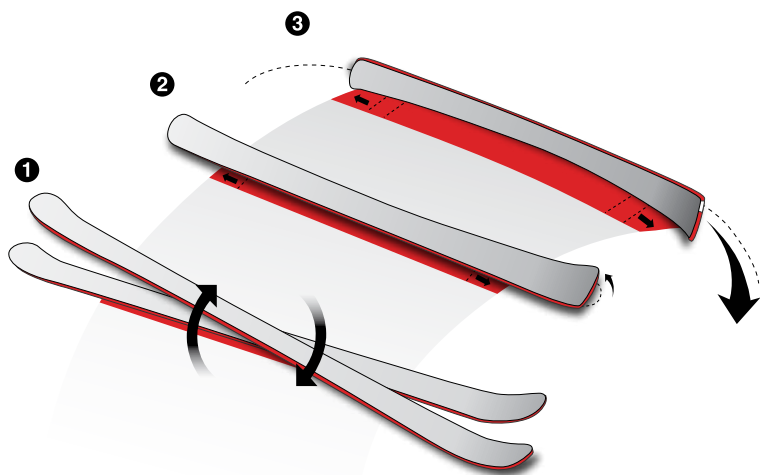

IMPROVED TECHNOLOGY • FAST & SIMPLE SET-UP • INCREASED REVENUE

Rossignol Rental systems offer easy adjustability and color-coding to get your guests out the door and on the slopes quickly; combined with modern technology, durability, and comfort solutions that will keep them coming back.

ALPINE

ALL MOUNTAIN PROFILE EXPLAINED

Rossignol's proprietary blend of rocker and camber offers the comfortable and stress-free ski-ability that has proven to speed progression amongst all skier levels.

1 EASY CONTROL

At low speeds and edge angles, contact length is reduced

- Stress-free steering and stopping
- More forgiving, easy to use

2 INTUITIVE STEERING

Medium speeds and edge angles guide skiers into the turn

- Easy pivoting
- Intuitive carving

3 EFFORTLESS EDGING

High speeds and edge angles provide full-length edge grip

- Powerful grip
- Confidence-boosting control

RENTAL SYSTEMS

NEW SKI

- Modern technology
- Wood core
- Extra thick edges
- Durable topsheet
- Tip protector
- 7 sizes

BINDING

- Fixed toe / adjustable heel
- 180° elasticity on toe
- Lightweight
- Easy step-in
- Grip Walk® Compatible

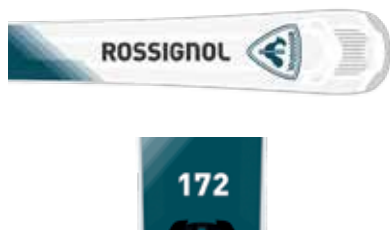

BOOT

- 4 shell lengths - 12 sizes
- Anatomical liner
- Easy buckle system
- Grip Walk® Compatible

SPORT

EXP 80

Sport-performance package for intermediate to advanced skiers

FEATURES :

- Air Tip Technology
- Wider w/Short Radius
- Fleet Rental Features:
 - ROSSITOP Cap Construction
 - 1mm thick matte finish
 - Poplar wood core PEFC
 - Metal tip protector
 - ABS tail protector
 - Sintered Base
 - Extra thick base and edges
 - Coding
 - Sizing above toe piece
- Fleet Rental Binding System
 - Xpress Rental System (adjust 260-385mm)
 - GripWalk® / Alpine compatible

FLEET

EXP 78

Entry-level fleet/sport rental package for beginner to intermediate skiers

FEATURES :

- Air Tip Technology
- Wider w/Short Radius
- Fleet Rental Features:
 - ROSSITOP Cap Construction
 - 1mm thick matte finish
 - Poplar wood core PEFC
 - Metal tip protector
 - ABS tail protector
 - Sintered Base
 - Extra thick base and edges
 - Coding
 - Sizing above toe piece
- Fleet Rental Binding System
 - Xpress Rental System (adjust 260-385mm)
 - Flash Rental System (adjust 288-368mm)
 - GripWalk® / Alpine compatible
 - Flat

EXP JR

Entry-level fleet/sport rental package for beginner to intermediate junior skiers

FEATURES :

- Tapered Tip
- Wider w/Short Radius
- Fleet Rental Features:
 - ROSSITOP Cap Construction
 - Pebble topsheet
 - HD Core w/Flexi Steel
 - Angled sidewall
 - ABS tail protector
 - Rental Base
 - Extra thick base and edges
 - Coding
 - Sizing above toe piece
- Fleet Rental Binding System
 - Kid-X Rental System (adjust 205-305mm)
 - GripWalk® / Alpine compatible

SPORT

EXP3 RAIL

Sport-performance package for intermediate to advanced riders

FEATURES:

- True Twin boards
- Built in tip and tail protection
- RadCut profile
- Serrated Edges
- Rail system
- Fleet Rental Features:
 - Durable topsheet
 - Color coded sizing
 - Individual bar code
 - Wide choice of sizes

FLEET

EXP

Entry-level fleet/sport rental package for beginner to intermediate riders

FEATURES:

- True Twin boards
- Visible tip and tail protection
- Fleet Rental Features:
 - Durable topsheet
 - Color coded sizing
 - Individual bar code
 - Wide choice of sizes

EXP JR

Entry-level fleet/sport rental package for beginner to intermediate junior riders

FEATURES:

- True Twin boards
- Visible tip and tail protection

ARCADE, 100% EVERY TURN

Skiing is full of different styles, different terrain, and most importantly, different tastes. Arcade is a one-ski quiver, opening every kind of terrain to every kind of skier. From groomers to chopped pow, moguls to crud, chalk to chunder, Arcade offers a smooth ride that never holds you back and keeps the team together.

9 AM

12 PM

4 PM

OUR PLAYGROUND IS DIVERSE

Our terrain is diverse & always changing. We never know what kind of snow to expect. Snow conditions are evolving, from 9 am to 4 pm, from December to April, season after season.

Vibration Absorption System. Inside technology, visible from the outside. The Visco material increases the sheering effect of the ski and **absorbs vibrations** for **higher comfort and control**.

**L.C.T.**

Line Control Technology. It eliminates counter-flexing for **fluid stability in all conditions** and it brings confidence, stability and full control. The new L.C.T. wood reduces the ski carbon footprint with a PEFC certified wood.

**AIR TIP**

AIR TIP technology reduces weight at the extremities and concentrates ski mass underfoot, freeing the tips and tails for effortless maneuverability, **natural flotation and playful control**.

SENDER/ RALLYBIRD FREERIDE

This is the gravity first mindset. All in. All mountain. Full gas. Always fast. The all-new SENDER and RALLYBIRD ranges blend the progressive power, technical precision and absolute versatility to push your freeride aspirations further. First chair to last. Powder missions. Resort shred sessions. Any conditions.

1 DOUBLE LCT ABS

The DOUBLE LCT ABS construction is an adaptation of Line Control Technology on wider skis to improve line control with power and energy.

2 EXTENDED CORE

The EXTENDED CORE construction increases ski-snow contact and the torsional stability of the ski, boosting precision and control in varied snow conditions.

3 AIR TIP

The AIR TIP lightens the tip and tail of the ski for improved manoeuvrability and turn control in all snow conditions.

4 DAMP TECH

The DAMP TECH insert at the tip reduces ski vibrations to absorb irregularities in the terrain.

5 TITANAL BEAM

The TITANAL BEAM delivers the right amount of power under the foot and enhances grip across the entire length of the ski.

RENTAL BINDINGS

Our new, tool-free rental and demo solutions are a direct extension of the LOOK Konect, Xpress, and Kid-X integrated binding systems used in retail. Each is available as an ala carte rental/demo system, ensuring LOOK's award-winning protection and performance and a wide range of easy, tool-free adjustability to fit most Alpine boot sizes.

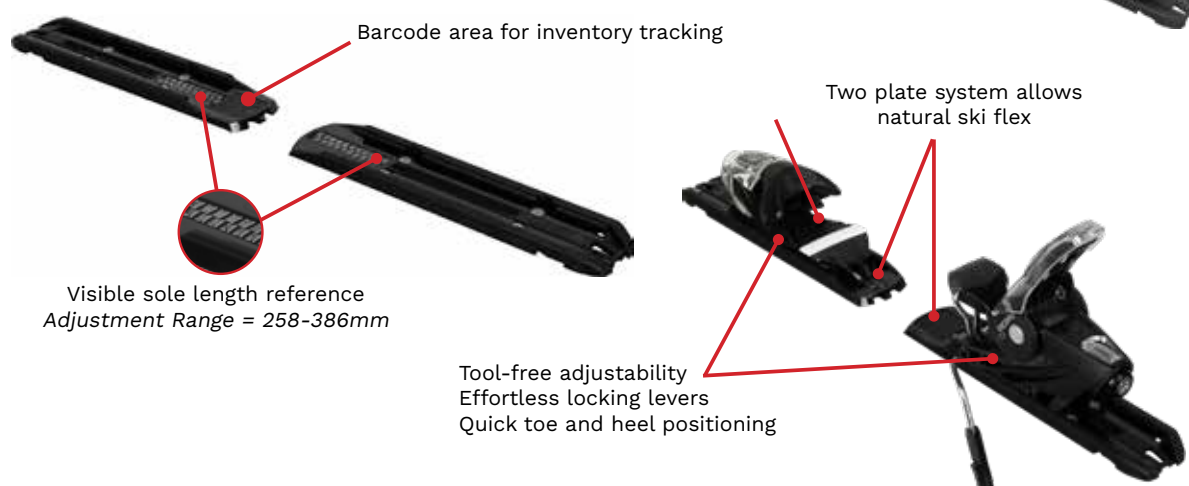

KONECT SYSTEM

The KONECT system delivers the high-performance precision of a traditional, screw mounted binding with easy, tool-free adjustability (260-377mm), compatibility with traditional Alpine (ISO 5355) and GRIP WALK sole standards, and available in both SPX and NX binding platforms to fit all high-performance rental and demo needs.

XPRESS SYSTEM

The XPRESS system features an ultra-lightweight, eco-friendly construction that is 700g lighter than traditional Alpine bindings, has 35% less environmental impact (Winner of ISPO Eco Responsibility Award), and provides confident protection, reliability, our widest range of tool-free adjustment (258-386mm) and compatibility with traditional Alpine (ISO 5355) and GRIP WALK sole standards.

KID-X SYSTEM

The KID-X system features a lightweight, user-friendly construction designed for the smallest skiers on the hill. Featuring a large adjustment range (205-305mm) and compatibility with adult and junior sole norms, this two plate system with smaller mounting zone allows a more consistent flex on junior ski sizes.

Snowsport helmets, when sized and fitted properly, can reduce the risk of injuries to those parts of the head that are covered by the helmet, but no helmet can protect the wearer against all foreseeable impacts or injuries. Skiing and snowboarding will expose the user to forces that exceed the limits of protection provided by any helmet, and serious injury or death can result from both low and high-energy impacts, even when a helmet is worn. Never use a helmet that has sustained a significant impact or that appears to be damaged, because damage may compromise the effectiveness of that helmet.

ESCAPER TOURING

Access and explore. In-resort or out-of-bounds. Endless mountain escapes. Our all-new ESCAPER range opens the door to new possibilities with limitless potential for high alpine adventures. Confident, capable and extremely lightweight. The perfect partner to explore personal boundaries or push beyond.

1 V-SKIN ANCHOR

Attachment system allowing easy and intuitive mounting of skins on touring skis.

2 AIR TIP

The AIR TIP lightens the tip and tail of the ski for improved manoeuvrability and turn control in all snow conditions.

3 AERO PROFILE

The ski's dimensions are optimised to reduce inertia and increase grip.

4 PAULOWNIA WOOD CORE

The paulownia wood core reduces the ski's weight by up to 30% for improved agility and handling while retaining control.

5 CARBON STRINGER

Positioned under the foot, the ultra-light CARBON STRINGER provides optimum resistance, stability and versatility.
